JFK Lashes Russ Arrest Of Professor

U.S. Cancels Negotiations For Soviet Cultural Pact

WASHINGTON (AP)—President John F. Kennedy warned the Soviet Union today that the arrest of Frederick C. Barghoorn of Yale as an alleged spy could have "a most serious effect" on future U.S.-Russian cultural relations.

Flatly denying that Barghoorn, a distinguished political scientist, was spying, Kennedy spoke out strongly at a news conference.

Shortly before the conference, the United States had abruptly canceled negotiations with Moscow for a new cultural exchange agreement.

"Prof. Barghoorn was not on an intelligence mission of any kind," the President emphasized.

The United States, the chief executive asserted, is deeply concerned not only at the arrest of Barghoorn, but at the fact that U.S. officials are kept in ignorance for days about the fact of his seizure.

Foy D. Kohler, American ambassador, and other U.S. diplomats have lodged six protests with Russia in the last 38 hours, Kennedy pointed out.

PRODS CONGRESS

Kennedy also prodded Congress again to pass his tax-cut bill as a means to prevent the economy from suffering.

Kennedy said further long delay on both taxes and on civil rights legislation would be unfortunate.

He voiced a hope that the measure to slash taxes 11 billion dollars can reach the Senate floor before the end of this year—a dim hope in the light of the present legislative jam.

BAD FOR ECONOMY

Delay on the tax bill, he said, may be bad for the economy and he thinks no one in Congress would wish this.

One danger, Kennedy said is that if the tax measure goes over into 1964, the civil rights bill will get to the Senate about the same time and there may be even further delay. He said the House could act on civil rights this year.

In response to another question, Kennedy said the United States is not going to trade with Red China in view of the policy that country pursues. He added that there might be a reconsideration should Communist China show a desire to live in peace.

Regarding Mrs. Ngo Dinh Nhu, deposed First Lady of Viet Nam, he said she certainly will be allowed to come back to this country if she wants to.

What is going to happen if the situation in Laos worsens, he asked. "Are they going to blame the Senate or are they going to blame me?" The president said—pointing to himself.

Kennedy said he knows the answer to that one.

These other subjects came into the conference:

Cambodia—Kennedy said he regards as serious the rejec-

TAKES MORE THAN A STORM — About two dozen College of Marin students spent the night in two tents pitched on the campus, to "guard against invasion from Santa Rosa" prior to the Tars' homecoming football game with Santa Rosa. They had just got the tents up when the rain started, but they stuck it out. Enjoying themselves in the rain this morning are tenters (from left) Paul Molinari, Barbara Gommo, Marty White, and Mary Ann Endicott. (See story, page 8).

Local Agency Commission Organizes

Marin's Local Agency Formation Commission, established by state law to rule on annexations and incorporations, elected Bert W. Broemmel as chairman at an organizational meeting today in the Civic Center.

The five-man commission also selected Administrator Alan Bruce as executive officer.

The commission, meeting for the first time as a full board, decided to meet regularly at 8 a.m. on the second Thursday of each month in the Civic Center. It will ask the County Board of Supervisors for use of the Supervisors' chambers.

Terms of office for the five members were determined by lot at today's meeting. M. E. "Babe" Silva will serve for one year, Broemmel for two years, Supervisor Byron W. Leydecker and Jan Paul Dyk of Sausalito for three years, and H. G. Marchant of San Anselmo for four years.

Charles F. Pendleton of Corte Madera is an alternate commission member, who will fill in when an annexation or incorporation matter comes up involving the home town of one of the regular members.

The commission agreed on the forms for notice of intent and questionnaires which must be filled out by any petitioning group. Applications will be referred to the County Boundary Commission first, then set for public hearings.

Several pending petitions are expected to be taken up at the next meeting of the commission, set for 8 a.m., Dec. 12.

Incorporation of Tiburon will not come under the Local Agency Formation Commission because it started before the commission went into effect.

The commission will ask the supervisors for $500 to meet the costs of printing, publication, travel expenses and other incidentals for the balance of the fiscal year.

U.S. Sets Off Atomic Weapon

WASHINGTON (UPI) — The Atomic Energy Commission today carried out a nuclear weapons test "of low yield" at the Nevada test site.

Low yield means an energy release equal to less than 20,000 tons of TNT.

It was the 99th announced U.S. weapons test in Nevada since Sept. 15, 1961, when testing was resumed after a three-year moratorium first broken by Russia.

Rocky: 'More Jobs'

NEW YORK (AP)—New York's Gov. Nelson A. Rockefeller carried his campaign for the Republican presidential nomination to labor today, saying that the creation of more jobs is the nation's "first order of business."

A CIGARETTE THAT TASTES DIFFERENT

DALLAS (UPI) —A cigarette is being developed that does not have tobacco, just papaya leaves.

The Frito-Lay Inc. of Dallas, said yesterday it has agreed with Sutton Research Corp. of Los Angeles, to evaluate and test market a non-tobacco cigarette. Sutton Research has developed the cigarette and it is now undergoing tests.

Fladger F. Tannery, Frito-Lay president, says people who have smoked the papaya leaf cigarette like the taste, although it does not taste like tobacco.

Tannery does not smoke.

Ships Collide Off Cape Cod

BUZZARDS BAY, Mass. (AP)—The 6,732-ton freighter Fernview, out of Oslo, Norway, and the coastal tanker Dynafuel collided early today 10 miles from the southern entrance to Cape Cod Canal.

Five men on the tanker were injured as she was swept by fire for four hours.

The 3,100-ton tanker, less than half the size of the freighter, was sliced in her port side stern and both vessels locked together.

Crews of both vessels were rescued.

World News In Brief	2

Rain Brings Slides, Knocks Out Phones

A general storm that moved over Northern California last night brought misty drizzles to some areas of Marin, pelting downpours to others and as much as 1.61 of an inch of rain.

The Weather Bureau predicted intermittent rain through Friday and snow down to the 5,000-foot level in the Sierra.

The rain left 525 customers in Fairfax and 100 customers in the Lincoln Avenue of San Rafael without phones as cables were flooded.

Other damage was slight.

Mud slides brought down slush into some back yards and streets in the Los Ranchitos area. Mrs. V. Judson Klein of 4 Arcangel Way was out working with a shovel this morning trying to block off the mud. She said her back lawn was covered with silt.

She blamed bared earth for a subdivision above her home for the mud slides. The tract, according to the San Rafael Public Works Department, is being developed by Ronald Gaither of Woodacre.

The peak reading of 1.61 inches of rain was taken at 8 a.m. at Kent Lake. The rain was light since 8 a.m. Novato, which reported only .37 at 8 a.m., had only a trace more at 11 a.m.

Chevy Chase in Larkspur, with .54 at 8 a.m., had only .13 more by 11 a.m. San Anselmo with 1.53 by 8 a.m. had .06 more by 11 a.m.

Noon reading in San Rafael was 1.19. This brings the season total to 6.46 compared with 10.15 last year at this time and an average of 3.91 for Nov. 14.

Gordon Davenport, district manager for Pacific Telephone and Telegraph Co., said phones in Fairfax were knocked out when cables flooded in a manhole at the intersection of Sir Francis Drake Boulevard and Redhill Avenue in San Anselmo.

He said the phones would be back in service this afternoon. He hoped to restore Lincoln Avenue phones by then also.

Marin Municipal Water District reported only nominal runoff from the storm so far.

Other 8 a.m. readings from the storm were:

Phoenix Lake, 1.55; Lagunitas Lake, 1.52; Woodacre, 1.25; Bon Tempe Lake, 1.10; Point Reyes Station, .92; Larkspur, .80; Nicasio Lake, .46; Sausalito and Belvedere, .36; Tamalpais Valley, .25 and Mill Valley, .24.

Air Transport Cut

WASHINGTON (AP) — The United States will make a 40 per cent cut by next July in the number of tactical air transport squadrons based in Europe, the Defense Department announced today.

TWO-DISTRICT REPORT

Russian River Water Asked

North Bay Aqueduct Door Open

By RICHARD LYTTLE

In a heavy report, the engineers of Marin's two large water districts have recommended tapping Russian River water rather than relying on the state's North Bay Aqueduct for a supplemental supply.

William R. Seeger, general manager and chief engineer of the Marin Municipal Water District, presented the report to his district's directors yesterday afternoon. Jerome B. Gilbert, general manager and chief engineer of the North Marin County Water District, will present the report to directors there at a meeting next Monday at 8 p.m.

JOINT MEETING

The two boards will hold a joint meeting Nov. 27 to act on the recommendations of their engineers.

The study by Gilbert and Seeger and their staffs is summarized in two books.

The first, "Water Supply Requirements," estimate that Marin will need 13,000 acre feet of supplemental water by 1980, 36,400 by 1990, 65,000 by 2000 and 126,200 by 2020.

SECOND BOOK

In the second book, "Report of Comparison of Future Sources of Water Supply for Marin County," the engineers conclude that the Russian River "is the best alternate source of water at this time." Gilbert and Seeger recommend that a contract be made by Marin County and the two districts

GOERNDT SPEAKS IN OWN DEFENSE

Ousted Sausalito Chief Says His Men Not 'Crummy' But Neatest In County

By BRUCE COLEMAN

Fired Police Chief Howard Goerndt took the stand for the first time last night to reply to many of the charges made against him by Sausalito City Mgr. Charles A. Brown.

Goerndt said his men are not "crummy" but are the "neatest department in the county."

He said he believes in "strict discipline" and that in most cases one reprimand was sufficient to his men and suspension unnecessary.

Goerndt stated that he operated under written rules and regulations which were posted on the board in the department office. His men read and knew them, he added.

Goerndt testified that if he found his men using the telephone for private use, he reprimanded them and "it did not happen again."

Goerndt said his reports were brief, he uses small words, and "my men understand them and abide by them."

In the instance of one piece of evidence, a document concerning collection of unpaid citations, Goerndt testified, "when Mr. Brown said he never saw that, he's not telling the truth."

Goerndt said he believes public relations are an important function of a police department. "My practice," he said, "was to be courteous to the tourists, help them all you can and smile, even when you're giving citations."

"I know my men as I know my own brother," Goerndt said. He said John Higgins was his check man, Tom Zink his warrant man, Harvey Zion his juvenile officer, and Sgt. David Cooper his investigator.

However, he said he does not believe Brown's assignment program spelling out qualifications of these specific jobs is needed in a police department the size of Sausalito's

Twice Goerndt testified he did not agree with Brown's policies. In one case he said Brown aked him to do bad check work

Police Find No Trace Of Coed

ALBANY (AP)—Police searched wooded Strawberry Canyon on the University of California campus today but found no trace of coed Judith Williamson who vanished 16 days ago.

Albany and university police combed the damp underbrush and paths along the three-quarter mile Strawberry Creek. Their search ended 100 feet inside a culvert, into which the canyon runs.

They found nothing that shed any light on her disappearance.

Good Parents Warn Children About Dope

(Fourth in a series)

Your boy or girl needs to know the damage drug abuse can do. Junior and senior high schools teach the facts about narcotics. Churches and government agencies have programs, too. But these vary in skill and coverage. A good parent has an influence in his own family that no other person can have. What you say helps in a special way.

How do you talk to a teenager about this?

Be frank. He needs to know that drug misuse is more serious than some other things. He needs to understand the results that even sampling can cause.

Be honest. Your boy or girl may say, "But doctors give people drugs. A dose just once in awhile is nothing." He needs to know that a single dose can be too much. You never experiment with drugs. The effect of a drug on a healthy person is different from the effect on a sick one. People vary greatly in how they react to drugs. You cannot tell in advance how bad they will be for you.

Be factual. He needs to know which drugs are dangerous. He should learn that many medicines are taken only on a doctor's order. Smart people do not sample the medicines of others. Even candy and gum are sometimes made with drugs in them. They do not taste good, however. He should

WIRE NEWS BRIEFS From Everywhere

Influenz.. Shots 'Do Little Good'

KANSAS CITY (AP) — Influenza shots widely used in the past few years apparently have done little good, several doctors told the American Public Health Assn. yesterday.

Dr. Alexander Langmuir of the communicable disease center in Atlanta said a better vaccine is needed before general use could be justified in cost to the public.

He and other experts said the virus causing influenza is unpredictable and easily altered. In effect, it stays slightly ahead of the vaccine makers. The least change in the virus means the vaccine won't work well.

Surgeon-General Luther L. Terry added the Public Health Service still recommends the shots for older people and those with chronic illness.

Man Kills Mother, Father, Self

HOLDEN, Mass. (UPI) — A 35-year-old man today stabbed his mother and father to death, set their house afire to cover up the slayings and then killed himself, police said.

Officials said Charles Swicker, 62, and his 60-year-old wife Stella were stabbed to death with an ornate bayonet during a terrific struggle at their home by their son Richard.

The bodies of the parents were found in the kitchen. The son's body was sprawled across his bed. The weapon was on the floor near his bed and the bayonet was beneath the bed.

Miners 'Bomb' Fatal To Worker

REDDING (AP)—A miners "bomb" went wrong in a surge chamber on a Pit River hydro-electric project yesterday. The result was that a project superintendent was killed and four workmen were injured, one seriously.

A river of muck washed out a loading platform in the vertical chamber, killing Lloyd Ray Roland, 38, of Weaverville.

Maurice Madden, 44, of Big Bend, the project city, who was taken to Redding Memorial Hospital in serious condition, said he was operating the auger raising the chamber roof. It stuck in heavy earth so, he said, he set off the usual "bomb" to loosen earth. It released an unexpected flow of mud.

The explosion yesterday caused some residents to believe it was an atomic blast. The AEC said it was making the flights to prove that there was no radiation over San Antonio.

Similar flights were made yesterday up to altitudes of 10,000 feet.

Empty Beer Bottles

HALIFAX, N.S. (AP) — The freighter Sherebro sailed from Halifax for Nigeria yesterday with six million empty beer bottles. Capt. Death Chamber Grim, But So Was Slaying

Clemency Plea In Policeman's Death Rejected

LOS ANGELES (AP) — A convicted killer's fear of a "grim and ghastly death in the gas chamber" has failed to move a judge who says the killer's execution will be less grim and ghastly than that of his victim.

This was the view of Superior Judge Mark Brandler, who turned down a clemency plea yesterday by Jimmy Lee Smith, 32, and Gregory Ulas Powell, 30, sentenced to death for the March 10 murder of Policeman Ian Campbell.

DENIES REQUEST

Brandler denied the pair's request for a new trial or a reduction in sentence after studying a three-page handwritten letter from Smith in which he said Smith begged for "mercy and compassion," and said he had great fear of a "grim and ghastly death in the gas chamber."

Said Brandler:

"The method of execution is less grim and ghastly than the brutal and sadistic way in which officer Campbell met his death. Smith deliberately fired four shots into the prone and writhing body of Campbell."

PROBATION REPORT

A probation report on the pair said they were en route to commit an armed robbery when two policemen halted them.

The two men disarmed the officers and drove them to a field near Bakersfield. Campbell was shot to death and the other escaped. The pair were arrested soon after.

He said that ". . . we all need to pay close attention to delinquency and juvenile problems . . ."

State Paves Way For First 'Bond Anticipation' Sale

SACRAMENTO (AP) — The state has paved the way for the first sale of "bond anticipation notes" in its history.

The notes, 50 million dollars worth, will be sold Nov. 21 to finance construction on the state water project while the State Supreme Court considers Gov. Brown's long range finance plans.

State Treasurer Bert Betts, Finance Director Hale Champion, Water Resources Director William Warne and State Controller Alan Cranston, meeting as the Water Resources Development Committee, authorized the sale yesterday.

Atty. Gen. Stanley Mosk had ruled that the notes, which fall due next June 15 are expected to cost the state about 2 per cent interest, may be sold.

The court is expected to rule next year on whether Brown can issue 325 million dollars in revenue bonds in addition to the 1.75 billion dollars in general obligation bonds authorized by the voters in 1961.

The same committee, with Veterans Director Joseph Farber replacing Warne, authorized the sale of 60 million dollars in veterans bonds Jan. 7.

Farber said he would not need to sell more bonds until at least January, 1965, and might be able to get along "for the forseeable future" with the 250 million dollars in unsold bonds from a 1962 authorization.

Senate, Assembly Find Water Plan Is Unacceptable

Some Usable Ideas, But Brown Urged Not To Act On His Own

SACRAMENTO (AP) — Both Senate and Assembly committees have found Interior Secretary Stewart Udall's southwest water plan unacceptable.

But the Assembly Interim Committee on Water Resources, in a report released yesterday, did not condemn the Udall plan's central idea as the Senate group did.

The report said Udall's plan, shipping California water to Arizona, may never be necessary and isn't advisable, but does contain some usable ideas.

It said California should insist on a minimum supply from the Colorado River which, coupled with more conservation mesures, should meet southern California's demands to 1990, without enlargement of the state aqueduct.

The committee also urged Gov. Edmund G. Brown to make no commitments on the Udall plan without express approval of the legislature.

The Senate Fact-Finding Committee on Water Resources last week termed the plan so bad it couldn't be made acceptable by modification.

The Assembly report was signed by 17 of the 18 committee members.

Surplus Of $20 Million Forecast By Champion

SACRAMENTO (AP)—Finance Director Hale Champion today predicted a state revenue surplus of 20 million dollars at the end of the 1964-65 fiscal year without any new or increased taxes during the period.

In a speech prepared for delivery in Sacramento, Champion said he is recommending that the legislature place 600 million dollars worth of bond issues on either the 1964 primary or general election ballots.

Champion said bond issues of 250 million dollars to 300 million dollars will be needed for elementary and high school construction, and about 300 million dollars is needed for state institutional construction.

The finance director predicted a 101-million-dollar revenue surplus on June 30, 1964, but said 20 million dollars must be held in reserve to prevent a deficit.

The wettest state in the United States is Alabama. Its annual rainfall averages about 68 inches.

Rafferty Report On IQ Tests Challenged

SAN FRANCISCO (AP) — State Board of Education members sharply challenged today Dr. Maxwell Rafferty's report on results of California's first statewide testing of public school pupil achievement.

The state superintendent of public instruction said the tests showed that California's fifth and eighth graders do not come up to their expected placements in any of the tested subjects. He said the California pupil performance should be higher because their average IQ is 106 compared with the 100 norm.

The validity of Rafferty's expectancy scale was protested by William A. Norris of Los Angeles, Mrs. Seymour Mathiesen of Fresno, and Dorman L. Commons of Los Angeles.

Rafferty said the expectancy scale employed was one developed by the Los Angeles school system and he knew of no better one available.

Norris cited that Rafferty and his staff could not make any firm claim on the reliability of the Los Angeles scale as applied on a statewide basis.

Commons pointed out that the Los Angeles system used the expectancy scale solely "as a tool for goading administrators.

"I feel we should disregard it as a means for measuring the performance of California public schools."

Rafferty presented his report before the State Board of Education meeting as the first comprehensive results from the state's new testing program.

Future Of Newspapers To Be Topic

An attempt to discern the future of California newspapers will be made by publishers at the annual conference of the California Press Assn. at the Clift Hotel, San Francisco, Dec. 6 and 7, Justus F. Craemer of Kentfield, association president, announced today.

Craemer, who is co-publisher of the Independent-Journal, said the conference would get under way on the afternoon of Dec. 6, with a panel of publishers considering the future of newspaper operations.

Panelists will include Joseph B. Ridder, San Jose Mercury and San Jose News; Carroll Parcher, Glendale News Press; and Clarence A. Burley, Menlo Park Recorder and Gazette.

The Friday afternoon session will also feature Ben Reddick, North Hollywood publisher, speaking of his recent move from Newport Beach and Jack Craemer, assistant publisher and managing editor of the Independent-Journal, reporting on "New Developments on Freedom of Information."

California Newspaper Hall of Fame awards will be announced at the association banquet Friday night by James A. Guthrie, San Bernardino publisher and chairman of the Hall of Fame judging committee.

for purchase of this water.

The engineers recommend participation in the North Bay Aqueduct, a four-county and a state project, be deferred but not declined.

Marin's share of the cost of the Russian River project, which includes a federal dam on Dry Creek and a 45-mile aqueduct from Russian River to Marin, would be $17,584,000. The aqueduct would have a capacity of 106,000 acre feet a year and water would cost an estimated $34.35 an acre foot. Total capital cost of the project would be $65,153,450.

The North Bay Aqueduct, a 48-mile project, would start in the delta area east of Solano County. It would lead through Napa and Sonoma counties to Marin.

The State Department of Water Resources has proposed three possibilities on the project. The first, with 210,000 acre-feet capacity, would cost a total of $86,553,866 of which Marin's share would be $14,697,000. Water would cost $35.70 per acre foot.

Second possibility is a 105,000 acre-foot aqueduct costing a total $81,278,718 of which Marin's share would be $17,700,000. Cost per acre foot would be $33.30.

Third possibility would be a 115,600 acre-feet aqueduct costing a total $64,352 of which Marin's share would be $12,740,000. Cost per acre foot would be $31.60.

Seeger yesterday morning attended a state meeting with representatives of water interests in the four North Bay counties. Solano and Napa counties said they would want state water but not until 1980.

Seeger said he hoped Solano and Napa's requests for reserves would mean that Marin could participate in the North Bay Aqueduct if necessary by putting in a bid for enlarging the project when it comes time to build it.

The report also mentions a dam and reservoir on Walker Creek near Tomales. The engineers say this would develop an annual yield of only 20,000 acre feet. The county would still have to import water around 1980.

The report is based on a population forecast, the combination of many separate predictions, that says Marin will have 220,000 residents by 1970, 307,000 by 1980, 535,000 by 2000 and 790,000 by 2020. Presently, the report says, there are about 174,000 in the county.

Wilsey Heads Motor Vehicle Association

Stan Wilsey of Fairfax, Marin County investigator for the State Department of Motor Vehicles, has been elected president of the Assn. of Motor Vehicle Investigators of California.

Wilsey, a former vice president, was elected at the close of the association's two-day conference and training session in Bakersfield.

Gov. Edmund G. Brown expressed his confidence in the motor vehicle investigators during a speech at the conference, Wilsey said.

Other new officers of the association are Collins Granger of San Diego, vice president; Roy Lundgren of Oakland, secretary, and Lynn Goldbert of San Francisco, treasurer.

Wilsey is a member of the Fairfax City Council.

tion of U.S. aid by that Asian country which has indicated it is swinging toward the Soviets.

Viet Nam — Asked if Gen. Paul Harkins has lost his usefulness in Viet Nam because of contacts with the Nhu regime, Kennedy said this is not true, that the general has been only doing his job and had not seen the Nhus an excessive number of times.

Wheat Deal—Kennedy said agencies of the government are not doing more in the wheat deal negotiations with the Soviet Union than would be done "for any friendly country."

He said the agreement is still being negotiated.

Communist Travel — Kennedy said if the Soviet Union reduced the percentage of its country that is out of bounds for U.S. officials' travel, the United States would be willing also to reduce its restricted areas.

Politics—Kennedy said that if he were a Republican candidate, he would not relish the prospect of campaigning against Sen. Margaret Chase Smith in New Hampshire, where there will be a presidential primary soon.

Medical Care—Kennedy said he thinks his program for medical care for the aged under Social Security will be cleared by the House Ways and Means Committee, and will pass Congress. But he said that won't come this year.

Argentine Oil—Kennedy said Argentina's plan to nationalize the oil industry is now being negotiated with U.S. officials who want to make sure there is adequate machinery for compensation of the private owners.

Government Overturns—Kennedy said there have been discussions with the present regimes in both Honduras and the Dominican Republic. The question of recognition is not up to the United States alone, he said, but concerns all the hemisphere republics and their efforts to encourage constitutional regimes.

Washington Ethics—Kennedy said there are differences between the case of Robert G. Baker, former secretary to the Senate Democrats whose business affairs are under inquiry, and some previous cases in the field of outside activities by officials.

He said there are always going to be people who "can't stand the pressure of opportunity," and added that the important thing is what action is taken against them. He said this administration has taken very strong action.

Military Building Funds Are Slashed

WASHINGTON (UPI) — The House apropriations committee today lopped an 80-million-dollar slice from the 1.6-billion-dollar military construction program authorized by Congress two weeks ago.

The committee said commissaries, officers' clubs and "the like" authorized in the program were not needed and refused to appropriate the money for a number of projects.

DOPE

not swallow something that tastes strange.

Be definite. Warnings can be too vague. They only make the subject sound exciting. Tell a youngster the truth — that drugs lower mental output . . . reduce muscular coordination . . . cause people to have hallucinations about hearing and seeing things . . . damage the heart and other organs . . . wreck the nervous system. Drugs damage reputations and wreck friendships, too.

Outline a procedure. Wise families face the fact that young people may be offered a dangerous drug. You need to work out with your boy or girl what he should do in case this happens. The person who offers drugs or narcotics to another is committing a crime. He must be reported. School and playground authorities, and owners of eating places, theaters, and drive-ins should be warned.

If you are uncertain about your boy or girl, do not delay. For your own peace of mind and for his sake, seek help at once. Putting this off can only weaken his health further and bring greater trouble to the family. Your doctor can confirm or dispel your suspicions. He can tell you how serious the situation is and give the help needed.

Other people can help — your youngster's school, your church, a family service agency, a social worker, juvenile authorities.

Bolinas-Stinson Unit Reaffirms Unification Stand

Bolinas-Stinson School Distrustees last night reaffirmed their stand favoring a single unified Tamalpais School District.

The reason for the reaffirmation, according to Arthur E. Carpenter, clerk, is that there will be a meeting of the county committee on school district organization at 8 p.m. Monday at the Stinson Beach Community Center and the board wanted to discuss the subject prior to that meeting.

Next meeting of the board will be Dec. 11, Carpenter said, at which time modification of rest rooms at Bolinas School will be discussed.

Dozen Women Are Deputized As Registrars For Special San Rafael Election Feb. 18

A dozen women have been deputized as voter registrars in San Rafael Elementary School District to register voters for the special election next Feb. 18 on two school bond issues totaling $3,979,000.

After the bond issues failed to pass on Oct. 8, a checkup disclosed many who had said they would vote for the bonds were not on registration rolls, according to Mrs. James Staley of the citizen bond committee.

County Clerk George Gnoss said those who voted in the last general election in November, 1962, are still eligible to vote provided they have not moved since that election. If they have moved, however, they must re-register. Failure to vote in the Jan. 22 special congressional election or the April San Rafael municipal election does not disqualify a voter, Gnoss said.

Deadline to register for eligibility in the Feb. 18 election is Dec. 26.

A registrar will be available at a joint Parent-Teacher Assn. meeting of Santa Venetia, MacPhail, Hartzell and Gallinas schools tonight at Santa Venetia Junior High School.

Other scheduled registration periods are:

MacPhail School, Nov. 21, 8:45-10:15 a.m. and 1:45-4 p.m., Mrs. Barbara Binger, registrar.

Hartzell School, Nov. 21, 8:45-10 a.m. and Nov. 23, 10 a.m.-1 p.m., Mrs. John Pfeiffer, registrar.

Santa Venetia Junior High School, Nov. 21, 8 a.m.-5 p.m., Mrs. Frank M. Parker, registrar.

Laurel Dell Primary School, Nov. 21, 2:30-4:30 and 7-9 p.m., Mrs. Leslie Ziegler, registrar.

Short School, Nov. 23, 10 a.m.-noon and Nov. 25, 7-9 p.m., Mrs. John Castle, registrar.

Coleman School, Nov. 21, 9-11 a.m.; Nov. 29, 9-11 a.m.; Dec. 2, 2:30-4:30 p.m.; Dec. 5, 4-7 p.m., and Dec. 11, 2:30-4:30 p.m., Mrs. Ingaborg Cheatwood and Mrs. Harold Delma, registrars.

West End School, Nov. 18, 2-4 p.m.; Nov. 25, 2-4 p.m.; Dec. 3, 9-10 a.m.; Dec. 19, 2-3 p.m., Mrs. Donald Timmer, registrar.

Sun Valley School, Nov. 22, 2-4 p.m.; Nov. 29, 2-4 p.m.; Dec. 5, 9-10 a.m., and Dec. 18, 10:30 a.m.-12:30 p.m., Mrs. Timmer, registrar.

Gary's Market, Loch Lomond, Nov. 16, 10 a.m.-4 p.m.; Mrs. Staley, Mrs. Milton Cerk and Mrs. L. C. Gilliland, registrars.

San Pedro School, Nov. 18, 7:30-9 p.m.; Nov. 19, 20, 21 and 22, 10 a.m.-noon and 2-4 p.m., Mrs. Staley, Mrs. Cerf and Mrs. Gilliland.

Purity Store, Montecito Shopping Center, Nov. 23, 10 a.m.-4 p.m., Mrs. Staley, Mrs. Cerf and Mrs. Gilliland.

In addition, voters may register in the evenings with Mrs. Lowell Edde at her home at 101 Lowell Avenue, and any time by arrangement with Robert Mertle at 12 Tarrant Court, Santa Venetia.

Missile Base Talk

Maj. Merrill R. Cohn of the Army Corp of Engineers will show slides and talk on the development of a missile base at a father-son dinner for Cub Pack 33 of Strawberry at Dominic's Harbor Restaurant, San Rafael, at 7 p.m. tomorrow.

CREW CHIEF — S/Sgt. Russell Wood of the 78th Organization and Maintenance Squadron at Hamilton Air Force Base has been chosen "Crew Chief of the Month." He was automatically named "King for the Day" by the Novato Chamber of Commerce, receiving gifts from the local merchants. Wood has been in the Air Force for eight years, two of them at Hamilton. He and his wife and 15-month-old son live at 119 Bodkin Avenue on the base.

Car Can Be Used On Ice Cream Trip

RICHMOND, Va. (AP) — Atty. Gen. Robert Y. Button of Virginia has struck a blow for antique automobile owners, children and ice cream—all in the same opinion.

Button said he could see nothing illegal about an owner taking children in his antique car to an ice cream stand.

A county judge had asked for the opinion after a Luray policeman stopped an antique car wheezing away from an ice cream stand with several children aboard.

Antique cars get half-price license tags in Virginia but can't be driven except for parades and exhibitions or for necessary maintenance.

Pro Musica Program Set For Sunday

A program of music for strings and organ with the Marin Pro Musica Singers will be presented Sunday at 4:30 p.m. by the Department of Sacred Music of San Francisco Theological Seminary.

This first concert in the new monthly "Music at the Seminary" series will be in Montgomery Chapel of the seminary in San Anselmo.

There will be no admittance charge, but donations will be requested.

String players will be violinists Miriam McArdell of the San Francisco Symphony and Winifred Bullock of the Oakland Symphony, and cellist Eugene Winkler of the San Francisco Symphony. Wilbur F. Russell, acting head of the department of sacred music, will play the organ.

The ensemble will be heard in Trio Sonata No. 1 in A Major by Handel, Trio Sonata No. 2 in F Major by William Boyce, and three church sonatas by Mozart. As accompanying ensemble they will also join the Marin Pro Musica in Buxtehude's "In Dulci Jubilo" and Vierdanck's "I Bring Good Tidings." The latter will be a Bay Area premier performance.

The Marin Pro Musica singers will be heard alone in three carols from 16th century Spain.

The program will be presented again on Dec. 1 at St. John's Presbyterian Church in Berkeley as part of its advent music series.

Homecoming Is Slated At San Rafael High

There appears to be a fair chance that a girl named Dell'Era might be San Rafael High School's homecoming queen tomorrow.

That's because Louise Dell'Era and her cousin, Midge Dell'Era, are two of the five candidates for queen. Both girls are active in preparations for the school's homecoming weekend. Louise, daughter of Nazzareno Dell'Era of 118 Center Street, is a yell leader. Midge, daughter of Mr. and Mrs. Jordan Dell'Era of 219 Riviera Drive, is a song leader.

Other queen candidates are Rolayne Beckstead, also a song leader and daughter of Mr. and Mrs. Darrel Beckstead of 79 Clyde Avenue; Pat Howland, daughter of Mr. and Mrs. Wesley P. Howland of 3 Lockwood Drive, and Sue Chiaroni, daughter of Mr. and Mrs. Albert J. Chiaroni of 10 Culloden Park Road.

All five senior girls were nominated by varsity football team members, who will also elect the queen. The winning candidate will be announced tomorrow afternoon, and will lead the homecoming parade down Fourth Street tomorrow night.

The parade, first event of homecoming, will begin at 6:30 p.m. at Fourth and E streets and will proceed to the high school football field, where San Rafael will play Sir Francis Drake High at 8 p.m. About 60 cars and floats are expected to take part in the parade.

"Homecoming—1963" is the theme of a dance to be held at the San Rafael High gymnasium from 8:30 to 11:30 p.m. Saturday. Music will be by the Starlighters.

Sheriff's Reserves Exercise Saturday

An exercise involving the marine, air and mounted reserves of the Marin County Sheriff's office has been scheduled for Saturday.

The test will be the first in which more than one branch of the reserves will be asked to cooperate in a single extensive project. Reserve members will assemble to start at about 9:30 a.m., and are expected to be through by about 2:30 p.m.

Marines Collecting Yule Toys

Marin's Marine Reserve unit, with headquarters in San Rafael, will start its annual "Toys for Tots" campaign tomorrow, gathering toys to be distributed to needy children at Christmas.

Barrels for toys, new or old, will be placed at Shell gasoline service stations throughout the county.

Residents who want to donate many toys or toys too large to handle can arrange for home pickup by telephoning the Marine Corps Reserve Training Center, 153 Madison Avenue, San Rafael.

The campaign is being conducted by members of Company M of the Battalion, 23rd Marine Regiment, Fourth Marine Division, Marine Corps Reserve, under command of Capt. Robert J. Brazil.

The company will continue its drive through Dec. 20 and will assist in the distribution of the toys.

Further information about the campaign may be obtained from Sgt. Robert F. Richmond at the training center.

Mrs. Nhu In Rome To See Her Children

ROME (UPI)—Mrs. Ngo Dinh Nhu, looking wan and close to tears, arrived in Rome today for a reunion with her three youngest children.

Mrs. Nhu, whose husband and brother-in-law, President Ngo Dinh Diem, were killed in the Vietnamese coup, flew here from Los Angeles where she claimed that the "Judas dollars of American aid" had caused Diem's downfall.

She made no arrival statement, going directly from the plane to a waiting limousine. Only an unidentified priest and the driver were waiting for her.

There was no sign at the airport of President Diem's brother, Archbishop Ngo Dinh Thuc, nor of the three children.

Yesterday in Beverly Hills, George White, manager of the Beverly Wilshire Hotel, said Mrs. Nhu left town without paying all of her hotel bill.

She stayed at the hotel more than a week before moving into the private home of Mr. and Mrs. Allen Chase, a wealthy Bel Air couple.

White said she still owed the hotel about $1,000.

White said Mrs. Nhu paid more than $770 in incidental expenses such as telephone calls, beauty appointments and food but did not pay for the rooms.

The hotel manager said almost $300 of the bill was paid by Young Republicans. The organization had invited Mrs. Nhu here to speak.

U.S. VIET CHIEF SAYS DIEM BOLD

General Who Was Close To Old Regime Is Slated To Remain In Charge Of Job

SAIGON, Viet Nam (AP) — The commander of U. S. military forces in South Viet Nam says the late President Ngo Dinh Diem lacked military training but did a good job of waging war against the Communist Viet Cong.

The Saigon coup will have little over-all effect on the conduct of the military campaign, Gen. Paul D. Harkins said yesterday.

Leaders of the coup contend Diem never could have won the war. Critics of the old regime also charge that Harkins was too close to it, and there have been rumors that he might be withdrawn.

Asked for comment on the rumors, Harkins said in an interview:

"That decision is not up to me. Naturally, I would like to see the job through to the end."

The New York Times said today in a dispatch from Washington that Harkins is slated to stay in his post beyond an expected two-year term ending in February.

The Times quoted qualified sources as saying Harkins' active duty will be extended in June, when he reaches the normally mandatory retirement age of 60.

Harkins predicted that 1964 would be the decisive year in the war.

"Of course, it is not a question of a clear-cut victory over the Viet Cong, but of getting the situation enough under control that the Vietnamese can carry on and take care of things alone," he said.

Harkins said he felt Diem never "was really a military man."

"But he was bold," the general added. "Some of his military operations, when he was given good information, were very effective.

Governor Mansion Is Due New Roof

SACRAMENTO (CNS)—California's leaky, old-fashioned, and antiquated governor's mansion, located at 16th and H streets in Sacramento, will get a new roof within the next two weeks.

The state department of general services announced today it is calling for bids to re-roof approximately 3,500 feet of composition, and about 1,200 feet of asphalt seals on dormers and gables next Monday.

The roofing job is estimated at between $4,300 and $4,500, officials of the department said.

To Skin A Pea

NEW YORK (UPI) — A new British pea-handling machine can remove the grit on four to five tons of peas per hour before the canning or freezing process. The "Acquacone" vegetable cleaning machine, reports British Information Services, is the only machine of its type offering maximum removal of grit and not requiring any supplementary cleaning by hand.

Major Promotion Of Marin Rec Attractions Suggested

A major promotion of Marin County recreational activities concentrated in a single month has been proposed by the Marin Visitors Bureau.

In its quarterly report submitted to the Marin County Board of Supervisors, the bureau announced that plans are being formulated for a "May in Marin" campaign, involving all communities, many organizations, and diverse activities.

The proposal was explained at a Marin Visitors Bureau board of directors meeting Tuesday night at Sabella's by managing director Maggi Gnau. She said such a campaign, well publicized, would focus attention on the county and attract visitors "at a time when Marin is at its best."

Miss Gnau explained that the bureau's executive committee had chosen May because such attractions as the Mountain Play and opening of the yachting season occur during that month. Using these two as a nucleus, she said, it should not be difficult to correlate additional aquatic and boating events, horse shows and rodeos, little theater and musical productions, and other affairs in one gigantic promotion.

A committee was appointed to meet with local chambers of commerce, individuals and groups who might be counted upon to participate in developing the campaign.

HOLD THAT LINE!—College of Marin freshmen and sophomores dragged each other through the mud yesterday. These four students were some of many who splashed into the creek near the gymnasium bridge during the annual tug-of-war. Independent-Journal photographer Jim Kean was among the victims while getting these photos.

FIGHT TO THE FINISH—Some students just didn't give up in the struggle. The sophomores won the tug-of-war against freshmen, but not before some were pulled all the way across the muddy creek, which was especially deepened to "add to the excitement," as one student put it.

DUMPED—Mary Lou Davis of San Anselmo, College of Marin sophomore, was one of dozens of students who fell or was pushed into the mud during the big tug-of-war. Like the rest, she smiled through the worst of it.

GAME TOMORROW

College Voting On Homecoming Queen

College of Marin students were to cast ballots from 2 to 3 p.m. today to elect a homecoming queen for the football game tomorrow night with Santa Rosa Junior College.

On the ballot were five girls who won the highest votes from among 12 contestants yesterday.

Meanwhile yesterday afternoon, sophomores won the annual tug of war with freshmen in a battle of nearly one hour that dragged numerous losers (and Independent-Journal photographer Jim Kean) into a freshly deepened creek near the bridge leading to the gymnasium.

Students voted among these five girls to determine who will be queen and who will be the four princesses:

Kathleen Bohanna, San Anselmo; Janic Sprogis, San Rafael; Ellen Ahola, Fairfax; Sandra McKay, San Rafael, and Hollis Levien, Terra Linda.

Counselor Wanda Glass said 397 ballots were cast yesterday, high for such an election.

Students erected at least one tent on the campus, between Austin Science Building and the library, and several students remained in it over night despite the rain, to "guard the campus against invasion from Santa Rosa.

Planners Slate Special Session

San Rafael Planning Commission will hold a special meeting at 4 p.m. tomorrow in the planning department office at E Street School to consider three requests for architectural approval.

E. R. Oden asks approval for a sales pavilion for Marin Sports and Imports at 365 Francisco Boulevard. Charles D. Daly seeks to build a warehouse on Jordan Street near Lindario Street. Robert S. Miller asks approval of design for Park Side Shops on B Street between First and Treanor streets.

The commission will also consider a request by William Kirsch for a background setback variance at 111 Miramar Avenue.

Bank Of Marin Opening Branch In Petaluma

The Bank of Marin will open its first branch tomorrow in Petaluma, just a little more than a year after establishing its main office in San Rafael.

The new bank will be located in a remodeled building at the corner of Washington and Kentucky Streets. Philip Talamantes, the manager, is a resident of Petaluma. He was formerly an employee of the First National Bank of San Rafael and subsequently became employed with the Crocker-Anglo National Bank. Assistant manager John Nichol was previously in charge of the note department at Bank of Marin's San Rafael office.

The branch will have a staff of eight employees.

Opening ceremonies will be held at 10 a.m. tomorrow. A door prize of a free trip to Hawaii will be the first award in a drawing.

Larkspur May Limit Agendas

Larkspur city councilman agreed at 11:15 p.m. last night to "do something" at their next meeting about setting limits to council meeting agendas.

"I thought we had a plan to limit our agendas," said Councilman Vaughn Marker. "Anything that comes in after the agenda is set up ought to be put down at the end."

Marker said he took "a dim view" of three items listed under "reports" at the top of the agenda. "People who came here for the first official agenda item had to sit here for an hour and 20 minutes while we talked about these other matters," he said.

Of 12 items on the agenda, five had notations, "at the request of Mayor (Lesly A.) Daveler." Two other items were noted "carried forward" and "deferred." The items requested by the mayor included those Marker complained about.

Councilman James R. Lienkaemper said a proposal to set up rules for agendas was discussed three months ago, and "we haven't got around to action."

Councilman Neil R. Brixon, who protested the council's do-nothing" agendas last week, was absent last night.

The council agreed to put the matter of agendas on the agenda for the Dec. 4 meeting.

Mayor Daveler put in a mild objection, however: "I'm not sure I'm in agreement," he said. "The city manager must have flexibility in setting up agendas, and we must set an example of flexibility."

Seating Of 3 New School Unit Members Held Legal

Seating of three new members tonight on the Marin County Committee on School District Organization is legal under rulings by both the Marin County Counsel and the state attorney general.

The three new members, reportedly in favor of smaller unifications as opposed to the unification of the entire Tamalpais High School District, are scheduled to take office at 7:30 p.m. today at Kent School just prior to the formal public hearing on the unification proposal.

Asst. County Counsel Douglas J. Maloney had previously ruled that the three may be seated immediately and need not wait until January to take office, as was the practice in past years.

This ruling has been strengthened by an informal opinion from the state attorney general's office in San Francisco, Maloney announced today.

The attorney general's opinion holds newly elected members of the committee are entitled to take office forthwith, that secret ballot procedures used in election of the new members last month were legal, and that the four-year terms of members start from the time of election, not from the time they are sworn in.

The three new members are Mrs. Dorothy Brown of Terra Linda, Mrs. Rachel Conner of Kentfield, and Dr. Ellen Binckley of Strawberry. They succeed Mrs. Adele J. Alpers of San Rafael, Mrs. Marietta Larson of Lagunitas, and Mrs. Sue Crawford of Mill Valley.

Burglary At Cafe

A burglar last night broke out a window to the kitchen of the Pantry, at 5949 Redwood Highway, Ignacio, and took about $30 worth of goods, including dice cups, a box of cigars, a package of cheese and some beer, owner Henry Hillman told sheriff's officers today.

Engineer Is Hired For Sewage Study

Stinson Beach-county water district directors last night agreed to enter into a contract with M. Carleton Yoder, Berkeley consulting engineer, for an economic and feasibility survey on the collection, treatment and disposal of sewage for the district.

Cost is not to exceed $10,000, Mrs. Harriet M. Greene, secretary, reported, and the work is to be completed my May 1, 1964.

Looking For A Friendly, Neighborhood Car Dealer In A Friendly Neighborhood? Come to Dexter's!

That's right . . . we're in the friendly part of the town—the West End. No auto row for us. We like it where we're proud of the businesses and the business practices of the people around us. Drive down our way and you'll see why. Everybody has a smile—and some of them don't even drive Ramblers.

DEXTER'S STAFF IS AS NEIGHBORLY AS THE FOLKS NEXT DOOR ARE SUPPOSED TO BE

We had a hunch we could sell more cars if we made an all-out effort to give our customers what they wanted . . . what was best for them . . . and smothered them with service. The past few years have proved the point. Dexter Rambler is now considered a major, volume automobile agency.

YOUR OLD CAR COSTING TOO MUCH TO OPERATE?

We'd like to show you why RAMBLER is so favored in Marin. It's not only the smartest looking car . . . the smoothest riding car . . . but the most economical car of its class to operate. Drop over to Dexter's while visiting the West End and see for yourself and let us show you that a Rambler and a "Dexter Liberal Trade" will really give you economy and style.

Unification Pros, Cons Given Little Nicasio District

Rise In Tax Rate Predicted, Local Control Loss Is Cited

By ELLEN BRY

Ten Nicasio residents sloshed through the rain last night into their two-room school to head a discussion of how school unification might affect them.

The district is the smallest and most isolated of the elementary districts within the borders of the Tamalpais High School District. A proposal to unify the high school district and all elementary districts within its boundaries into one is being considered by the Augmented Marin County Committee on School District Organization.

Unification would mean that the Nicasio District, with 36 pupils, with grades one through four in one room and grades five through eight in the other room, would be part of a district with about 18,000 students at its inception.

The three Nicasio trustees, Roy R. Bunt, Henry E. Tomasini and Mrs. George Rogers, would be replaced by a newly elected board of seven trustees for the entire district, each elected from a trustee area but running at large in the district.

Some residents at the meeting last night folded themselves into the tiny school desks as they listened to proponents and opponents of the plan and its affect on "this debt-free little organization here in Nicasio," as Trustee Tomasini put it.

"Whatever you do is going to raise your tax rate," said Mrs. A. E. Larson of Woodacre of the county committee, which is charged by the state with studying school district organization.

There will be a "substantial jump in the tax rate" if the entire area is unified, said J. R. B. Ellis, a member of the Kentfield School District board who opposes unification.

The total combined rate for Nicasio Elementary District and Tamalpais High School District this year is $2.97 per $100 assessed valuation, the lowest of any in the Tam Area. Unification would mean the rate would go to more than $4.80, for educating students from kindergarten through high school, figures from the county schools office show. Opponents of the plan say a more realistic total figure would be over $5.

There would be "more value for the dollar," said Jack L. Mengel of Corte Madera, vice chairman of the county committee. Funds now used to pay administrators in the 12 districts might be shifted to more direct use with students, added Edwin L. Blackmore, assistant to the county superintendent of schools.

Ellis used a three-way split of the present Tam area, with one unified district centered around each of the present high schools.

But a three-way split would mean the Sir Francis Drake High School area, including Nicasio, would have to construct an expensive high school "in the very near future" with a smaller tax base, countered Laurence G. Herman, president of the Fairfax School District board.

Unification with trustees elected by voters of the entire district would mean loss of local control — "Your vote would count for nothing," said Mrs. Winifred Frederick of Lagunitas. Nicasio, Lagunitas and Fairfax combined would have one representative on the proposed seven-member board.

Unification is a "pig in a poke," cried Mrs. Frederick.

"Any time you change your organization . . . any time you elect a new trustee, you're buying a pig in a poke," answered Mrs. Larson.

The meeting last night was the ninth of 11 public discussions being held on the pros and cons of the plan. The next —the "official" one to meet state requirement—will begin at 8 o'clock tonight at Kent School. Preceding it at 7:30 p.m. will be a meeting of the county committee.

Feet Of Clay Aren't Bronze

FRANKFORT, Ky. (UPI)—Henry Clay's statue, which has stood in the state capitol rotunda since 1930, isn't cast in bronze as most people suspected.

Walker Hancock, a Boston, Mass., artist, said he discovered the statue was solid plaster recently when he was here to set up the statue of former Vice President Alben Barkley.

Hancock, who noticed a broken finger on the statue, said "there seems to be a gold paint undercoat and then black paint over that to give the bronzed effect."

He recommended to state officials that the Clay statue be cast in bronze before it falls apart.

Water Board Contracts For Fittings

Marin Municipal Water District directors yesterday awarded a total of $11,245.33 in contracts for replacement fittings.

Kennedy Manufacturing Co. was successful with its $5,014.17 bid for furnishing gate valves. The bid was the lowest of eight submitted.

Tyler Pipe and Foundry Co.'s bid of $2,685.54 for furnishing 173 cast iron fittings was the lowest of three. Roberts and Brune Co.'s bid of $2,643.06 for furnishing 1,500 copper fittings was the lowest of three. J. G. MacPhee Co., a San Rafael firm, was lowest of five with its bid of $892.56 for 1,462 malleable fittings.

The board yesterday learned that there have been 1,052 new service connections in the district through October this year as compared with 750 at the same time last year. Comparative water consumption, according to William R. Seeger's report, was 3.3 billion gallons this year compared with 3.2 billion gallons at this time last year. Seeger is chief engineer and general manager of the district.

Dunfee is owned by former White Sox executive Mrs. Dorothy Rigney and was named for her hometown in Indiana.

Model U.N. Winding Up Marin Sessions Tonight

Resolutions on disarmament, human rights and universal citizenship will be debated at the closing meeting of the Marin Adult Model United Nations tonight at 8 p.m. in the Redwood High School library.

Adlai E. Stevenson, United States ambassador to the real United Nations, has sent a telegram to the model UN, which will be introduced tonight by the model United States delegation.

"However exasperating and imperfect its proceedings may be, they remain essential to the effort on which our whole future depends — the effort to find among nations a common ground on which those who love freedom may dwell in peace," Stevenson wired.

The disarmament resolution, proposed by delegations from Japan and Israel, would call for nations to transfer conventional weapons to a UN police force. It will be opposed by the Soviet Union delegation.

A human rights resolution, proposed by Portugal, would ask UN members to adopt their own civil rights measures, with special assistance from UN agencies. Opposition will be led by the Tanganyika delegation.

Universal citizenship with direct representation in the general assembly would be one one of several UN charter revisions proposed by several model delegations. The changes will be opposed by model delegates from the Republic of China.

Marin Superior Court Judge Richard M. Sims Jr. will preside at the final assembly of the model UN, which is open to the public.

Female Capitalists

NEW YORK (UPI)—We've all suspected it right along, but someone nonetheless took the time and trouble to establish by survey that women own 70 per cent of all the private wealth in the country, 65 per cent of the savings accounts, and 52 per cent of "Big Board" securities. And now, the surveyors claim, women have established a stronghold in a relatively new sector, mutual funds.

JEW HELPING BAPTIST TALK TO CATHOLICS

ASHEVILLE, N.C. (AP) — A Southern Baptist evangelist will preach at a Roman Catholic college next week, thanks to a Jew.

The evangelist is Billy Graham. The Jew is Harry Golden.

Golden, author and lecturer, introduced Graham to the head of Belmont Abbey College at Belmont, N.C. The invitation followed.

The sermon will be Graham's first before a Roman Catholic body.

"I think," said Graham, "that it is evidence of the ecumenical Christian unity spirit in the world today."

65th Job Anniversary

HARLAN, Ky. (AP)—Mrs. J. D. Barlow, 77, of Harlan, started teaching 65 years ago. She began at age 12 in a one-room school and now operates a kindergarten.

Senior Citizens Schedule Christmas Party Dec. 18

Senior citizens of Marin County will have a Christmas party Dec. 18 through the courtesy of Kaehler-Farrar Development Inc. and the efforts of Manny Charnow, "Mr. Senior Citizen."

Plans are for a luncheon and a showing of the film, "Ben Hur," Charnow said.

Reuben W. Kaehler, president of Kaehler-Farrar Development, notified Charnow that the firm and its suppliers and contractors will pay the costs of the party.

A bus will pick up senior citizens from throughout the county and transport them to the party, Charnow said. He expects about 300 to attend.

Tickets for the party will be available at the next meeting of the Marin Senior Assn. at the San Rafael Recreation Center on Nov. 22, Charnow said. "But they don't have to be members of the association to attend the party," he said.

American dipper birds, or water ouzels, walk underwater searching for food, using their wings much as they do in flying.

Elk Are Making U.S. Comeback

WASHINGTON (UPI)—American elk, once near extinction, now are creating an unexpected problem — overpopulation, reports the National Geographic Society.

Protected herds in Yellowstone and Grand Teton National Parks are growing so fast that browsing areas cannot support them.

Park rangers are trapping and transplanting elk to less populated areas but elk are stubborn and the method is slow and expensive.

100-UNIT MOTEL AT WALDO POINT

This million-dollar motel-restaurant-bar is planned on the waterfront near the former Juanita's Galley and behind the existing boat and tackle shop at Waldo Point. Developer Donald Levine of 107 South Street, Sausalito, calls it the White Sands Motor Inn. The plan will come up for architectural supervision before the Marin County Planning Commission Monday, probably late afternoon. Architects are Alta Engineering Associates of San Francisco. Sketch above is by Horvath and Espling of San Francisco.

College Head Seeking Two More Aides

A request by College of Marin President Stephen E. Epler for two more administrative assistants will be discussed by the Marin Junior College District board at 8 p.m. today in room 61, Art building.

Epler seeks an assistant dean of instruction and an assistant to the business manager. He also recommends the district hire an audio-visual library assistant and a counselor for evening students.

The board will discuss whether to accept a low bid of $868,900 for remodeling the workshop and entrance to Olney Hall.

A recommendation will be made on the minimum number of courses to be taught at a proposed second campus.

Bids Called For Fire Alarm Room

The Novato Fire District board last night called for bids to be opened Nov. 27 on converting one room at fire station No. 1 into an alarm room.

Work on installing the alarm system is progressing according to schedule, Fire Chief George Cavallero told the board.

State Junior Chamber President Due In Marin

Tony Longetti of Rialto, San Bernardino County, state president of the Junior Chamber of Commerce, will tour Marin County tomorrow.

Longetti, founder and director of the San Bernardino County crime laboratory, will be making his first visit as state president to San Rafael.

He will tape-record an interview at radio station KTIM at 10:15 a.m., tour the county courthouse, and speak at a luncheon in his honor at the Edgewater Inn at noon.

Members of the San Rafael, Corte Madera-Larkspur and Mill Valley Jaycees will welcome him at the luncheon.

He will visit the Civic Center at 2 p.m. and Hamilton Air Force Base later in the afternoon and attend a dinner meeting of the Novato Junior Chamber of Commerce at the Cloud Five Restaurant in Novato at 7 p.m.

Longetti, a native of Sonoma County, is a past national director of the Junior Chamber of Commerce, and an author and teacher in the field of criminology.

Man Is Injured When Car Hits Stalled Auto

Robert E. Durenberger Jr., 21, of 1825 Lincoln Avenue, San Rafael, suffered a cut nose at 11:15 p.m. yesterday when his northbound car hit a stalled and temporarily abandoned car on Highway 101 just north of Harbor Street, San Rafael.

The driver of the stalled car, Julia Paulette Jones, 18, of 735 Las Colindas Road, Terra Linda, said she left the car to go the San Rafael police station after running over a sign in the road and blowing out the left front tire.

Durenberger was treated at Marin General Hospital.

Educational First

BOSTON (UPI)—The state of Massachusetts can claim a number of "firsts" in education. The first American grammar school was established in Boston in 1635, the first public high school was opened here in 1821 and the first compulsory school attendance law was enacted by Massachusetts in 1852.

Larkspur Is Going Slow On 'Tree Control' Law

A tree-conscious Larkspur City Council last night cautiously returned a so-called "tree control" ordinance to the city parks and recreation commission for further study.

"Trees are a facet of Larkspur life," said Mayor Lesly A. Daveler. "We should protect those trees."

"Any ordinance related to the control of trees," said City Mgr. Ronald E. Piper, "automatically puts the city in the pruning business." He said most tree trimming now done in Larkspur is taken care of by the utility companies, concerned about branches interfering with telephones and electric wires.

The proposed ordinance, under discussion for several months by the parks and recreation commission, would allow trimming and removel of trees on city streets at discretion of the city manager.

Commission Chairman Robert Golden said the ordinance "puts the city manager on the spot." He suggested the responsibility might be directed toward the commission and council, without making anyone a clear target for tree lovers.

"We want an ordinance that doesn't cause any more stir in the city than necessary," said Golden.

Councilman Vaugh Marker said he didn't agree that every tree in town should be cherished. He called worries over placement of responsibility "nit picking."

"If anyone threatens to cut a tree down, the fight is going to be right here at the city council anyway," he said.

Mayor Daveler and Councilman Robert J. Smith agreed with Golden that the ordinance shouldn't be approved without more examination. At their suggestion the council agreed to return the proposal to the commission.

The Larkspur City Council Also:

1. Agreed to accept Sunrise Lane for maintenance, provided residents on the narrow, hillside street form an assessment district for initial construction.

2. Postponed indefinitely further discussion of any need for improvements to the city's sewer system. Mayor Daveler suggested there may be need for reconstruction of some sewers, but City Manager Piper said study of cost of repairs is still under way.

3. Agreed to charge $2 a copy for the city zoning ordinance. Piper said there had been a great demand for copies, free until now, from architects, builders and real estate dealers.

4. Accepted gifts of two bonds, valued at $1,179 each, from A. A. Tiscornia, San Francisco resident and Larkspur property owner. Piper said there "were no strings attached." Tiscornia has also donated to the City of Sausalito and other communities where he owns land.

5. Approved extra street lights at the intersection of Magnolia and Doherty streets.

6. Accepted deeds from Tamalpais High School District and Greenbrae Marina Co. for right-of-way to extend Doherty Drive to Lucky Drive.

7. Postponed until next month a "work session" on personnel, and adjourned at 11:25 p.m. Next meeting of the council will be Dec. 4.

MOTHER CHARGES INDOCTRINATION

Leader Of Secret Membership San Rafael School Group Says American Ideals Suffer

Students at San Rafael High School are not being indoctrinated with patriotism, but many are being indoctrinated, according to Edythe B. Tait of 71 Lochinvar Road, San Rafael.

Mrs. Tait, an unsuccessful candidate for the San Rafael Board of Education in April, appeared before the board Tuesday night to announce formation of a secret-membership Citizens-Parent Committee on Education which will make recommendations to the board for improvements.

Mrs. Tait said today that there are about 70 members already in the committee and she expects the number to more than double. She is not revealing the names of committee members because they fear reprisals at schools against their children, she declared.

Most of the members are parents of high school students who are "college-bound," Mrs. Tait said. The students need their As and Bs to qualify for college, and reprisals by teachers could hurt the students' chances for higher education.

The committee has met twice on the first Monday of the month in Mrs. Tait's home. However, this time has proved inconvenient for many and the meeting schedule will probably be changed. A steering committee of about five has been informally organized, Mrs. Tait said. She did not know whether officers would be elected.

"Most of these people are those who supported my campaign for better education in the schools," Mrs. Tait said.

As an illustration of the concern of the committee, Mrs. Tait told of one parent whose child turned in a paper at a government affairs class which was full of zest and enthusiasm for American ideals.

"The professor wrote at the end of the paper, 'You're just too idealistic. These things don't exist in America any more'," Mrs. Tait reported.

Mrs. Tait said not all teachers at the high school take a negative stand toward ideals. Those who do, she claimed are guilty of indoctrination.

"I don't say that San Rafael High School is typical of this, but I do say it is the worst," she said.

Cherry Bomb Blast Injures Two Boys

Two San Rafael boys were injured Tuesday by explosion of a cherry bomb that a third boy picked up on the street.

Larry Schwartz, 7-year-old son of Mr. and Mrs. Milton Schwartz of 222 H Street, found the bomb as he and several other boys were on their way home from St. Raphael's School. Larry stuck the round, red bomb in his pocket.

The boys stopped at the home of Gregory Haran Jr. at 22 Bryn Mawr Drive. Danny Haran, 11, saw the bomb and recognized it.

He lighted it, then, as it began to sputter, ran to the door to throw it outside. But, Mrs. Haran reported, the bomb exploded in Danny's hand.

Danny suffered severe burns on his right hand from the explosion. He was treated by the family physician.

Gregory Nelson, 7, who was standing by the door, suffered a deep head gash and was confined to bed at home after treatment. He is a son of Mr. and Mrs. William Nelson of 15 Culloden Park Drive.

The other boys in the group were unhurt.

Mrs. Schwartz reported the incident to Officer R. F. Bleasdale of San Rafael police, but no report was on file today at police headquarters.

Mrs. Haran reported the explosion was the second blast of a bomb in the hands of juveniles to bring alarm to her own family. Her elder son, Michael, was with 17-year-old Thomas Hartmann, son of Mr. and Mrs. Ernest M. Hartmann of 346 G Street, when Thomas was killed last March 8 by explosion of a home-made bomb in his hand.

$200,000 Suit Filed By Girl Hurt In Kentfield Explosion

A $200,000 suit was filed yesterday by one of the victims of a cherry bomb explosion Sept. 9 at the Eat 'n' Run Drive-In in Kentfield.

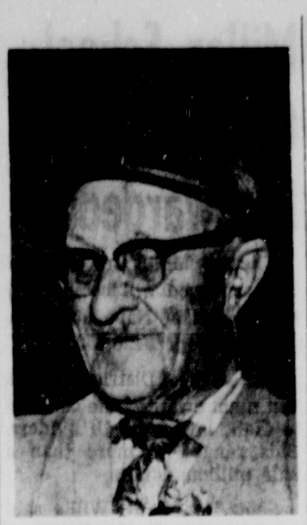
Lorna Kathleen Erickson, 17, and her mother, Lorna G. Otis of 129 Oak Knoll Avenue, San Anselmo, asked $150,000 general damages and $50,000 from James Mistron, 17, Larkspur, and Peter Smiley, 18, of Ross, charged with throwing the bomb which injured three girls in a car.

Also named as a defendant is Richard Reynolds, registered owner of the car, who was not present at the time of the incident. Mistron is accused of purchasing the Mexican cherry bomb.

Later, when the two youths were charged, they claimed they had only wanted to scare the girls.

Miss Erickson and another victim, Linda Carlson, 16, of 24 Rosemont Avenue, San Anselmo, each claimed a partial loss of hearing. Mrs. Otis reported Oct. 11 that her daughter still heard ringing sounds in her left ear.

The third girl in the car, Lynn Hefferman, 16, of 60 Cypress Drive, Fairfax, said that temporary trouble with her eyes had passed.



WILLIAM F. WEGNER
Retirement at 80

Larkspur Building Aide Quits

Larkspur's building inspector, 80-year-old William F. Wegner, handed in his resignation last night.

"All this work of climbing around buildings is not good at my age," Wegner wrote in his letter of resignation to the Larkspur City Council.

Wegner, a Larkspur resident since 1908, has been the city's building inspector for 11 years. His wife, Edith, died two months ago, and he has been on a leave of absence since then.

The former building contractor has lived on Monte Vista Avenue, within a block or so of city hall, since 1910. He was a former city councilman and volunteer fireman in Larkspur. He retired from the construction business in 1946 but six years later accepted the job of building inspector.

Since last May, he has been assisted by George Oliviera.

The council accepted his resignation with regret.

San Rafael Man Jailed After Buying Drug

A San Rafael man was arrested for violation of parole after a Kentfield pharmacist became suspicious of a signature on a prescription last night.

Ronald John Hollingsworth, 25, of 225 Laurel Place, was picked up by Deputy Sheriff Boyd Burnham early today after a second drug store reported a man trying to buy drugs with what appeared to be a forged prescription.

Hollingsworth was convicted in 1960 in San Mateo County of possession and transportation of marijuana, and was paroled June 4, 1962.

Pharmacist Kenneth Herbert Harris of 124 Blossom Court, San Rafael, told deputies the signature of Dr. Andrew B. Goddard of Mill Valley didn't seem correct. He said he had worked in Mill Valley and had seen the name before.

But Harris, who works at Lockwood's Pharmacy, 888 College Avenue, Kentfield, sold 200 tablets of dextra amphetamine called for by the prescription, then followed the buyer out the front door and wrote down the license number on the red foreign car the man was driving. The drug is legally defined as dangerous.

Harris then phoned Goddard, and learned that the prescription was a fake. He then called the sheriff's office.

Shortly after, the sheriff's office received a call from the Thrifty Drug Store in the Montecito Shopping Center that a man was trying to pass a similar prescription. No drugs were sold to him there, however, since an alert had been issued.

Hollingsworth was held without bail, awaiting a parole officer.

Planners Due San Marin Plan

The Novato Planning Commission will consider changes in the San Marin master plan at an adjourned meeting at 8 o'clock tonight in the Community House.

The plan has been approved and amended by the Marin County Planning Commission.

The commission will also consider three master plans: for Pinheiro properties, 165 acres west of Highway 101, north and south of San Marin Drive; Scottsdale, 122 acres west of Highway 101, south of Yukon Way, and Marin Highlands, 250 acres west of Trumbull Avenue and Vineyard Road.

K. D. N. Corp. seeks rezoning from single residential to planned community of six acres at the end of San Jose Boulevard. B. and T. Construction Co. requests rezoning from single family to multiple family of a lot at the southwest corner of De Long and Reichert avenues.

Complete Ceremony

LOUISVILLE, Ky. (AP) — Al Schansberg performed a ceremonial first cast recently at the opening of a new park lake. A one-pound bass performed a ceremonial first bite and Schansberg reeled it in.

GOERNDT

in writing rather than by telephoning, to save money on telephone bills. Goerndt said one cannot disclose who gives information on bad checks and, therefore, the work must be done by telephone. "I continued using the phone," he said.

In another case, Goerndt said, in the spring of 1962, he selected Officer Ben Barrett to attend a Concord training school because he felt Barrett needed the training. Brown wanted Sgt. Theodore Zink to go, said the former chief. "That's who went," said Goerndt, even though Zink had to drop advanced courses he had been attending at College of Marin.

Testimony was given at the ninth session of the hearing before the Sausalito Board of Review, requested by Goerndt after he was fired Aug. 7 by Brown on charges he lacked leadership. The hearing will continue at 8 p.m. today.

Goerndt took the stand after the mid-recess and after Leland H. Jordan, attorney for Brown, rested his case. Jordan had Brown on the stand up to the recess and said he may yet call two more witnesses.

Harry S. Wainwright, attorney for Goerndt, announced at the opening of the session he would rest on cross-examination of Brown. He said he is investigating two matters "pertinent to the issues of the case."

Goerndt testified he lives at 429 Locust Street, was chief "practically five years," and prior to that a sergeant and patrolman since 1952.

He was born in Minnesota. He spent eight years in the Navy followed by two years as patrolman in the Pasadena Police Department. He returned to Minnesota in 1950 and worked about two years for the fish and game department.

"What are your plans for the future?" asked Wainwright. "I hope to remain in Sausalito," Goerndt replied.

Goerndt testified he completed 10th grade in Minnesota and, after the war, took an examination for his "equivalent high school diploma" in Pasadena and got it.

Jordan brought out, in testimony from Brown, that baseball tickets Brown received from Livermore Disposal Co. were not only used by Brown but were also given to men in the police, fire and street departments.

Brown also said he received a bottle of whisky from the firm at Christmas time, at which time Brown permits city departments to receive gifts "within limits."

Under examination by Wainwright, Brown said the office staff receives gifts from one local market and a gift of Bourbon is given by "The Pomeroys" to all department heads including himself.

Brown said he did not recall Goerndt requesting to attend a Federal Bureau of Investigation school and that he never deleted from Goerndt's budget a request for funds for training schools for his men.

Asked by Wainwright if he wanted to alter any part of his 10 pages of charges against Goerndt, Brown replied "No."

Bickering between attorneys and the board, with frequent bangs of the gavel by chairman Robert M. Gunn, continued last night. At one point, while Jordan was examining Brown, Wainwright asked Brown a question and Gunn told Wainwright: "Are you asking the questions?"

"Don't bug us!" exclaimed James B. Leech, Goerndt's other attorney.

"You're bugging us," replied Gunn.

"We know you have made up your minds," Leech told the board. Gunn rapped his gavel again and Jordan continued his questioning.

Three Criticize Tam Unification

The proposal to unify the Tamalpais Union High School into one school district was criticized today by three persons on the eve of the one official public hearing today at 8 p.m. in the Adaline E. Kent School, Kentfield.

The hearing, by the Marin County Committee on School District Organization, will be on the proposal to unify the whole district.

However, on radio KTIM's "Marin Sounding Board" program today, three persons attacked that proposal and offered alternatives. Mrs. Sue Crawford, a committee member, backed the unification plan.

Against it and presenting alternatives were T. D. McCune, chairman of the Tiburon Citizens Committee; Richard Ellis, Kentfield School District board member, and Dr. William Clark, a member of the Mill Valley School District who replaced Mrs. Doris Harnsbarger on the panel.

McCune said he was against unifying the whole district because services offered by a large district can also be offered by a district which has an enrollment of between 5,000 and 10,000 students.

He said a district the size proposed would discourage parent participation in programs. The "finality of action" in setting up the large district with a projected enrollment of 60,000 students would be hard to rescind, he said.

McCune said his committee had no definite recommendations, but that other proposals, such as a north-south split, should be studied.

The split, which would divide the Tamalpais Union High School District at the Corte Madera ridge, was defended by Clark, who said the resulting two districts would be able to offer special services.

He said that the State Board of Education would not accept a proposal for unifying a district if the plan "perpetuated" racial segregation.

Clark added, "In the entire county there is segregation already. In this split, more will be able to be done about correcting it than if the district were unified as a whole."

Ellis, who favored the plan for a three-way split, said the most efficient school districts operate at a level of about 10,000 students. Community identity would be lost if seven trustees took over the job now being handled by 58 school board members, he contended.

A statement by Mrs. Crawford that unification of the whole district was the only proposal which meets state requirements drew a comment from Ellis, that "this just is not so."

She said unification of the whole district was the "only proposal" which would provide all the necessary special services. "The north-south split comes close" to meeting the requirements of the state board, she said.

The program, moderated by Kitty Oppenheimer, will be repeated on Sunday at 12:30 p.m. by tape recording.

Child Needs Air Conditioner

BARTOW, Fla. (AP)—The Polk County School Board has reluctantly denied a father's plea that a first grade classroom be air-conditioned because his son has a "one in a million" condition—no sweat glands.

W. L. Garner of Winter Haven asked for the air-conditioning because his son cannot be outside it for more than 30 minutes without suffering. The cost, he said, would be about $693.

Board members said that it would be impossible to air-condition only one room. They said policy is that if an air-conditioner is furnished at no cost to the schools, it could be installed and used.

Theater In Round

WORLD'S FAIR, N.Y. (UPI)—The dictionary defines a rondelle as a flat, circular, faceted diamond, a gem cut in a disc. For that reason, the Johnson's World's Fair Wax pavilion, a disc-shaped theater 90 feet in diameter, has been named "The Golden Rondelle." The pavilion will seat 500.

'Pesticides Needed For Good Foods'

SAN FRANCISCO (UPI) — The foods most vital to good nutrition are the very foods which depend most on pesticides, a University of California nutrition expert said today.

"We have to have pesticides," said Dr. Gaylord P. Whitlock in a speech prepared for delivery at a statewide conference on pesticides. "Certainly we have to have them if we want to live the better life to which we have become accustomed."

Whitlock, head of the program in consumer sciences of the university's agricultural extension service, said "it is safe to say" that without pesticides there would be shortages of apples, peaches, potatoes, citrus fruits and tomatoes.

The proper use of pesticides must continue, he said, "if we consumers went to be fed, if we want to be fed with the smallest part of expendable income, and if we want our food to be the safest, most wholesome, highest quality food in the world."

Whitlock said it has been estimated that 90 per cent of the food grown by man could be desroyed if continual war were not waged against pests.

Big Print User

NEW YORK (UPI) — Newspapers in Missouri use 195,000 tons of newsprint a year—35,000 tons more than all of Africa's 160,000, according to the Newsprint Information Committee.

36TH CALL SINCE 1957

Housing Director Jailed By His Wife For Assault

Bert Klahn, who has been known to recommend eviction of Marin City tenants for family brawls, was arrested last night on charges on starting one himself.

Mrs. Eleanor Klahn had her 51-year-old husband, who is executive director of the Marin County Housing Authority and Redevlopment Agency, arrested on charges of assault and battery.

Mrs. Klahn told Belvedere Police Officer Robert L. Coppock that she found her husband asleep in his car at 6:15 p.m. in the Corinthian Yacht Club parking lot. She awakened him and took him home to 180 Beach Road, Belvedere.

He was not appreciative, said Mrs. Klahn. He hit her in the face, then tripped her, she declared. And when she tried to call police, he grabbed the phone from her.

Officer Coppock jailed Klahn who gained freedom on $386 bail and is to appear in municipal court tomorrow.

Belvedere police said that since 1957, they have received 36 calls from the Klahns involving fights. Last Dec. 1, Mrs. Klahn had her husband arrested on assault and battery charges after hitting him on the head with a coal shovel — in self-defense, she said.

Ex-Prince Sues Frat For Hazing

LOS ANGELES (AP) — Former Prince Emil Shokoohi of Iran is suing Phi Sigma Kappa fraternity chapter at USC for $20,000 for permanent injuries he allegedly received during hazing activities.

Shokoohi, 28, a grandson of Shah Kajar, whose kingdom was unseated by present ruling family, testified yesterday that as a pledge in September, 1959, he underwent physical, mental and emotional abuse for five days. He withdrew from the fraternity before becoming an active member because of the hazing, he said.

Shokoohi said he was required to eat soup made of ketchup and mustard, was served a tea of hot water and tobacco, was paddled so hard he couldn't sit down and was made to put his face in a mud pudddle.

He said he was required to do so many pushups one arm became swollen, and later was made to do leg lifts. As a result, he said, an old auto accident injury flared up, giving him back pains and dizzy spells.

Miller School Contract Is Awarded

The new Miller Creek School in Marinwood will be built by Royce Hall of Napa at a contract price of $426,450.

Dixie School District trustees last night awarded the contract to Hall, lowest of 10 bidders. Bids ranged to more than a half million dollars.

Sept. Dennie B. Willis said construction can begin next month, and the school will be opened in September of next year. The new school, for seventh and eighth grades, will be on Las Gallinas Avenue at Miller Creek Road. It will have eight classrooms, administrative office, library, home arts, special science and art rooms.

Trustees authorized Superintendent Willis and Penrod Moss, curriculum consultant, to work with Sonoma State College and apply for a grant to operate a workshop in the Dixie School District during the summer of 1964. The grant would be from Educational Services Institute of Watertown, Mass. The purpose of the institute is to improve the science instructional program of the district.

Dixie School District trustees also:

1. Accepted the resignation of Mrs. Jean Cady, third grade teacher at Lucas Valley School, for health reasons.

2. Authorized the superintendent to increase the contract of Robert Silverman to a full-time teacher at $5,264 per year. He is now a half-time mathematics and science teacher at Vallecito School.

3. Authorized the superintendent to contract with Milton Katz for half-time teaching at $2,052, and to contract with Mrs. Ruby Kilby to teach third grade at an annual salary of $5,700.

4. Appointed Douglas McVey of 629 Blackberry Lane; Robert W. Busch of 559 Loganberry Drive; M. L. Hersko of 775 Las Colindas Road, and John Bateson of 15 Cabrillo Court to the district's citizens finance committee.

5. Authorized the superintendent to contract with Rockwell and Banwell of San Francisco as architects to design a new school in Lucas Valley, west of the county farm.

6. Authorized purchase of furniture for the new board room in the administration quarters at Don Timoteo School, now under construction.

Football Dynasty At Drake High; Champs Should Improve Next Year

It looks like Coach Bob Franceschini is building a football dynasty over at Drake High School.

His Pirates already have clinched a tie for the 1963 championship of the Marin Athletic League and can pick up ALL the marbles with a victory over San Rafael tomorrow night.

But, you ain't seen nuttin' yet, folks, if the talent on the Pirate roster continues to develop.

While browsing through a Drake roster yesterday we noticed that of the 39-man squad, 21 will be back next year.

Included in the returnees for next season are soph halfback flash Dean Lazzarini, the league's second leading ground gainer; quarterback Alan Simontacchi, a 6-1, 185-pounder; fullback Joe DeMasi who packs 210 pounds in a 5-11 frame; center Loren Swaney, 5-11, 155; tackle Lee Jamison, 6-0 and 205; and end Larry Stein, at 6-1, 185 a fine pass receiver.

A fine nucleus for another fine team. Other juniors on the present squad are Ray Menjou, Tom Manahan, Tony Rivara, Rich Tomblin, Jerry Feikert, Bob Barnicut, Ken Marconi, Charles Hahn, Al Hadley, John O'Mara, Bruce Trimble, Brian Palmer, Stan Carter, Rich Paulson and Steve Davis.

UNTIL THIS season Drake has never tasted the sweetness of a grid championship. But it looks like the long-suffering Franceschini has come up with a powerhouse. The battle cry around the league could very well be, "Break up the Pirates."

Incidentally, the Marin League standings published in yesterday's I-J listed Drake's won-lost record as 5-6. Don't believe everything you read. Madame Proof Reader gets 10 lashes with a wet noodle.

SENSE OF HUMOR—When pro football Hall of Famer Ernie Nevers addressed the members of the Redwood Junior Giants Pop Warner Football team not long ago, he mentioned he'd seen one of their games and was impressed. Noted Ernie, "After attending Stanford games on Saturdays and 49er games on Sundays, believe me, boys, it was a pleasure seeing you in action."

The Junior Giants are undefeated this year.

Muddy Ruel, Ex-Catcher, Dies At 67

PALO ALTO (AP) — Herold "Muddy" Ruel, former batterymate of pitching immortal Walter Johnson, and later manager of the St. Louis Browns, collapsed and died of an apparent heart attack last night at his home. He was 67.

Ruel, who also served as general manager of the Detroit Tigers, was one of baseball's most durable catchers. He played 19 seasons, all in the American League. His last year as an active player was in 1934 with the Chicago White Sox.

He also played with St. Louis, New York, Boston, Washington and Detroit and was Johnson's favorite catcher from 1923 through 1927, Sir Walter's last year with the Senators.

Ruel's batting average for 1,469 games, was .279.

An intelligent, quiet-spoken man, Ruel lived in Palo Alto since his retirement some 10 years ago.

Rains May Postpone J.C. Game

If heavy rains continue and flood the playing surface at the College of Marin Stadium, tomorrow night's Marin-Santa Rosa Junior college Golden Valley Conference football championship game may be postponed, Marin Coach Dick Read announced this morning.

"I just checked the field," Read said at 10 a.m., "and water already is flooding the track around the turf. If it continues and spills over onto the field, we may have to postpone the game. It would be ridiculous to play in water three or four inches deep."

In the event of a postponement, Read did not know when the game could be played. "I haven't even thought about that yet," he said. "Our field is booked for high school games Saturday afternoon and night, so maybe we'd have to postpone it until next week."

The winner of the Marin-Santa Rosa game will be given an invitation to the Lettuce Bowl in Salinas Nov. 30.

STARS ELIGIBLE

Meanwhile, Read announced three more players, ruled scholastically ineligible two weeks ago, have been reinstated and will play tomorrow night. That brings to six the number of players reinstated from the original 10 ineligibles. Read would not identify the players, but said, "They're key men in our system. It's quite a relief to have them back." One more player may be reinstated at noon tomorrow, the coach said.

Kickoff tomorrow is set for 8 p.m.

The game will be broadcast by KTIM-FM (100.9 mc) beginning at 7:50 p.m. Working the game will be Bob Eldred, Frank Wynn and Hugh Turner.

Tam's Ellis Williams Is Prep Of The Week

Ellis Williams, fleet halfback for the Tamalpais High School football team, has been selected as Prep of the Week by the Independent-Journal sports staff.

Williams was chosen on the strength of his two touchdown performance last Saturday when Tam upset Novato 18-12 for the Indians' first victory of the 1963 season.

A speedster who stands 6-1 and weighs 160 pounds, Williams returned a Novato kickoff for a 70-yard touchdown run and later scored another TD on a one-yard plunge.

Williams had gotten off to a slow start this year and had not been one of the Marin Athletic League's top runners as had been expected by most prep fans.

"But he came of age in the Novato game," beamed Pete Belden, head grid coach at Tam. Belden praised Williams' play as being a key difference in the game.

Williams, a senior, was one of the fastest men in the Marin Athletic League last track season, competing as a junior. He also was one of the stars on the Tam basketball team last year, a team that won the MAL title and later won the consolation trophy in the Tournament of Champions basketball classic in Berkeley.

Drake, San Rafael Gridders Prepare For Muddy Battle

Old Mother Nature will have the last word on tomorrow night's scheduled championship prep football game between Drake and San Rafael high schools and the way things looked today, she's not smiling.

The grid battle, with the championship of the Marin Athletic League at stake, is slated for tomorrow at 8 p.m. but if the heavy rains continue it may be postponed.

Bob Muster, head grid coach at San Rafael High, said today the football field at the high school, where the game will be played, "is in pretty bad condition."

"If the rains keep up, said Muster, "the game will have to be postponed." He said the contest would then be held Saturday, or even the following weekend.

But Muster and Bob Franceschini, head football mentor at Drake, are not leaving things for chance. They have been preparing their chargers for battle all week and plan to hold some workouts this evening in the mud to get the kids ready.

Drake, with its 5-0 league record and 8-0 season mark, is a one touchdown favorite to win its first championship football title in 12 years. The Pirates have already clinched at least a tie for the title. San Rafael and Redwood, Drake's nearest rivals, have 4-1 marks in MAL play.

Both coaches today reported their teams in top physical shape for tomorrow's battle. "We have no injuries and are 100 per cent healthy," said Muster.

Drake had an extra week to get ready for San Rafael, the Pirates drawing last week's bye. Franceschini reported his team has no injuries. The only one not quite up to par is Franceschini himself, slowed up with a cold, "I don't care if they have to take me out on a stretcher, I'll be there," Franceschini mused.

Franceschini said he will hold drills outside today. "I think we have to get out in that mush to get the feel of the mud," he declared.

Muster said he will hold chalk talks today, drill inside the gym, then slosh through mud on the practice field for about 15 minutes in preparation for the muddy game to come.

Flip Of Coin To Decide Playoffs

NEW YORK (AP)—In case of a tie or several ties for first place in the two divisions of the National Football League, the sites and opponents will be decided by flips of a coin.

Jim Kensil, public relations director of the NFL, said yesterday that all teams with a mathematical chance for a division title would meet at Commissioner Pete Rozelle's office in New York. This conference usually is held in the last week in November.

Giant Slate To Start, End Later

SAN FRANCISCO (AP) — Probable pitchers for Tuesday, April 14, 1964: Milwaukee (Warren Spahn) at San Francisco (Juan Marichal).

The Giants yesterday announced a schedule which both opens and closes in the windy but friendly confines of Candlestick Park.

It also showed that the season will end a week later than in 1963 with the final game for the Giants being at home against the Chicago Cubs Oct. 4.

Following the April 14 opener against the Braves, the Giants will play 80 more home games on 76 more dates. Doubleheaders will be played on four Sunday afternoons—against New York, Pittsburgh, Houston and Milwaukee.

The Giants will play 25 night games at home, four of them against the Los Angeles Dodgers.

Only $5,000 Fine For The Bullets

NEW YORK (AP)—The Baltimore Bullets got a cut in their moving bill, but it still cost them $5,000 to get out of Chicago.

The Board of Governors of the National Basketball Assn. reduced a $25,000 fine against the Bullets to $5,000 at its meeting yesterday.

The fine was slapped on the team because it made arrangements to move out of Chicago without getting league permission, and in violation of an agreement to stay in Chicago for three years.

RECORD SETTING HUNTER

Ruben Dominquez, 26, of Dunsmuir, poses with a 527-pound black bear he killed, the largest ever killed in California. Dominquez, who hunts bears for a hobby, said the bear walked down the wrong trail at the wrong time. They were only 20 feet apart when he first saw the animal lumbering down a trail. Dominquez felled him with one shot from his 270 rifle. The largest previous recorded black bear killed in California was 498 pounds. (AP Wirephoto)

Bad Luck Continues For Seals

DENVER (AP)—San Francisco's Seals try again tonight to win a game from the Denver Invaders. So far this year, they've had nothing but bad luck with Denver.

The Invaders dropped the Seals, 5-3, last evening in Western Hockey League play at the Coliseum. Several passing errors and stolen pucks were responsible for the Seals downfall.

John Sleaver stole the puck from Cliff Pennington and Nick Mickoski and made an unassisted 15-foot shot to start the Invader rout.

Marty Howe, an ex-Seal, made it 2-0. Milan Marcetta increased it to 3-0. Gordon Redahl added the fourth score.

Al Nicholson scored two for the losers and Len Haley scored the third Seal point on a rebound.

Gary Jerrett got the final tally for the Invaders.

Wilt Coaches, Leads Warriors To Victory

ST. LOUIS (AP) — Alex Hannum will take over again as coach of the San Francisco Warriors tonight against the St. Louis Hawks, but he probably has spent some time thinking about his team's success with big Wilt Chamberlain as their coach.

With Chamberlain playing and acting coach last night, the Warriors came from behind to down the Cincinnati Royals 98-92 in Cincinnati.

Hannum was ejected from the game early in the first quarter after two quick technical fouls called on him by Referee Richie Powers.

From there on, Big Wilt was in charge.

Smiling broadly after the game, Chamberlain said of his success as a coach:

"I told 'em what I thought would work and I got their cooperation."

Wilt had scored only three points in the first period.

He went to work and scored 19 in the second, 13 in the third and 14 in the final frame for a total of 49. He also took 22 rebounds.

Hannum has been encouraging his team to rely less on Chamberlain — since nearly every other National Basketball Assn. team sews Wilt up with two or more men to guard him when possible.

Guy Rodgers, Warrior playmaker, was more emphatic about the success against the Royals:

"We knew where our bread and butter was — and that's where we went."

He meant Chamberlain.

Good News For Striper Anglers; The Bay Is Jumping With Action

STEVENS

It's been a long time coming, but it's here at last! Good news of striper striving in the San Pablo Bay. Hard to pinpoint any one area as being more productive than another. Fish came in over the weekend and on Monday and Tuesday from just above the Brothers to the Carquinez Bridge and from both sides of the bay. Frank Quan of China Camp reported an estimated five bass to the boat with fish from keeper size to 14 pounds over Saturday and Sunday, and three to the boat on Monday in spite of sticky, damp and foggy weather. Joe's Landing at Santa Venetia mentioned that well over 100 nice stripers came in over the weekend and the three boats that bucked the dense fog on Monday took limits of nice bass and came in early in the morning.

From the Contra Costa side of the San Pablo, the word was as good — maybe even better. Nadine Lessley of Dowrelio's harbor at Crockett chortled with glee at being able to say: "They're here, Steve! Lots and lots of 'em. Private boats and party boats came in over the weekend and on Monday with limits or near limits. Even the pier paid off with fish to 20 pounds. Not many but at least three that I checked from 16 to 20 pounds. The average probably was from 8 to 10 pounds, but there were a flock of them in that weight range."

AS EXPECTED, the larger bass were taken on bullheads. Two lads, Charlie Wye and a pal, had limits each — all big fish to 23 pounds. Many limits weighing a total of 36 to 55 pounds were unloaded. Saturday it was terrific; Sunday not quite as good but perhaps 80 per cent had limits of nice bass. Johnny Sivera accounted for 37 bass to 17 pounds.

Carl Bennett of the Rodeo Marina called to enthuse over the exceptionally good fishing out of his place. "Eighty to 85 per cent had limits of nice bass, skiffs and party boats," he said. On Monday the boat Sturgeon netted 15 limits, the Jackpot 12 limits and the Lualine, 13 limits. Largest bass taken on bullheads but good ones on sardines as well. Top fish of the day was a 30-pounder."

Some nice limits were taken on the Selby Flats by skiff fishermen.

DAVIS CAMPBELL of the Golden Hinde harbor at Inverness waxed real eloquent over what happened in his section of Tomales Bay. He described the long weekend results as "tremendous!" Some 40 or 45 bass were unloaded at the dock. Fish to 26 pounds and plenty from 14 to 20 pounds. Mostly taken on drift fishing or bait fishing with sardines.

Even the back country spots came through with some nice reports. Joe Navarro of the Sportsmen's Center in Castro Valley mentioned John Wyatt and Fred Steadman taking five bass to 12 pounds. Bob Queen and L. Curry landed bass to 18 pounds in Honker Bay on Saturday. A Mr. Bolla and friend registered with bass to 10 pounds in Broad Slough, Tony Berosik lost a monster and landed two to seven pounds in the Big Break, and Dick Parker landed one 10 and one 15-pounder in Frank's Tract on Monday.

SO WHAT'S keeping you at home, eh? They are even picking up bass in the Oakland Estuary. Audrey Payne of San Lorenzo Bait reported an angler named Valentine and a couple of friends took eight stripers to four pounds by the Alameda Naval Air Station on cut bait.

A 'Spy' Looks Down On Bear's Practice

Independent-Journal Sports

Thursday, Nov. 14, 1963 19

CHICAGO (AP) — Across the street to the north of Wrigley Field is a three-story apartment house. The top windows afford an excellent view of the playing area.

From one of these windows yesterday, a blue curtain could be seen moving. Then appeared the nose of a camera. It aimed directly down to the field where George Halas was exhorting his Chicago Bears through a series of pass patterns for use against Green Bay Sunday.

Could this be one of sports' greatest moments of intrigue? Was there a Packer spy up there getting pictures to rush back to Green Bay Coach Vince Lombardi?

By this time, the keen eyes of the Bear players—sharpened to watch for those Green Bay passes and for those shooting-star runners here Sunday—caught the movement in the window.

Some of them stood looking up at the window.

Halas started fuming.

"What the hell's going on here!" he yelled. "You guys get back to work. We've got the big game coming up and here you stand around looking at a window like somebody is peeking at you in the showers.

"I know who's up there in that window. I know just about everything that's going on around here. Just ask me—I'll tell you. It's a press photographer. That's who. He thinks he's taking pictures of a secret drill.

"Now see. That guy's left the window. There's nothing to look at but me.

"And I know I look damn mad enough to scare you all back to work. We got a big one ahead of us!"

Mill Valley Discusses Recreational District

A proposed recreational district within the Mill Valley Water shed was discussed last night by the Mill Valley Parks and Recreation Commission after a number of citizens turned out on the wrong night.

The meeting, originally set for last night, was later changed to Nov. 25, but many failed to learn of the postponement.

It was suggested that a district might be financed partly by the city and partly on a fee basis by persons outside the city who wish to use it.

The question of taxation of a larger area would have to be discussed by the County Board of Supervisors, according to Councilman George Blackwell, city council liaison to the commission.

Also discussed was the possibility of the district being formed within the Tamalpais High School District and Mill Valley School District, said Blackwell.

Commissioners, speaking individually, favored the admission of persons to the district outside of the City of Mill Valley.

Among participants were persons from Almonte, Tamalpais Valley, Bel Aire and several churches in the Mill Valley area.

Planners Say West Marin To Need 3 High Schools

West Marin will ultimately need three new high schools to serve the expected growth in population, two county planners told a group of school trustees and educators at West Marin School last night.

County Principal Planner David Van Pelt and A'leen Runkle, who worked on the West Marin master plan, spoke to about 15 trustees and school officials from Tomales High School, Tomales Bay and West Marin school districts.

"No one knows when these schools will be needed," said Van Pelt, "but ultimately, high schools will be needed at Tomales, Point Reyes Station and one north of Bolinas." These plans are made on the basis of 21,000 ultimate dwelling units in West Marin, the planner explained.

For each of the high schools, there would be two junior high schools about three and one-half elementary schools.

Clothing Stolen

A ski jacket, two sport shirts and a skirt, valued at $100, were stolen yesterday from a car parked in the parking lot of United Market on Third Street, San Rafael, James F. Bell of 233 Glen Park, San Rafael, reported to police. Bell said the items were stolen between 2:30 and 3 p.m.

Auto Is Stolen

Theft of a 1959 Plymouth from where it was parked at Mission and Tamalpais avenues between 8 and 9:15 p.m. was reported to San Rafael police last night by Ronald Campbell Ross of San Geronimo. Ross said he left the doors of the car unlocked and the key in the ignition.

Sausalito School TB Tests Studied

Sausalito School District trustees last night requested Supt. Marcus F. Davis to explore possibilities of obtaining tuberculin tests for all pupils in the district.

Under the present program all teachers and employees must have these tests but there is no program for students.

The board also authorized Davis to seek approval from the county superintendent of schools for permission to dispose of "a large number" of obsolete textbooks.

Trustees told Davis to advise the county committee on school district organization that the board voted 4-1 on Sept. 30 against unification of a Tamalpais High School District.

An in-service program for teachers to discuss a compensatory education program for "disadvantaged children" was approved, to be held Dec. 13. Dr. Martin Deutsch of New York and Dr. Marie Fielder of Berkeley will be speakers and consultants, Davis said.

Willis Hallock of Sausalito was approved as permanent employee following six months probation as bus driver-maintenance man. The board also commended Mrs. Andrew Kozak, president of Richardson Bay School Parent-Teacher Assn., for her voluntary work at the school.

$450 Tools Stolen

Theft of a tool box and tools, valued at $450, from a carport at 1048 Los Gamos Road, San Rafael, was reported to San Rafael police today by Bernard S. Piombo. Piombo said the tools were taken from the rear seat of a car parked in his carport.

Corte Madera Planners Approve Apartment Project

By 3-2 vote, the Corte Madera Planning Commission last night approved a 144-apartment project for Mariner Town Houses, Inc., east of Highway 101.

Chairman C. W. Thomas and Jennings Smith voted "no."

Architects Peter Lenz and Joseph Allen had withdrawn their plans Oct. 30 after spokesmen for 20 residents protested some of the proposed apartments at Paradise Drive and Prince Royal Passage would invade privacy of residents in Marin Estates and Mariner Cove.

Last night the architects offered two alternate plans. The commission accepted plans which Lenz said were "basically our original plans" but will include four-foot fences surrounding three groups of apartments on the edge of the project.

The project will consist of apartments of two, three and four bedrooms in two-story buildings.

Desmond Mactavish Associates asked for an opinion on a concept for a market and three small shops the firm wishes to build at Redwood and Corte Madera avenues. The commission declined to give an opinion and directed the firm to present plans to integrate the project with the adjoining Embers Restaurant.

Hospital Work Due Completion

Remodeling of the original wing of Marin General Hospital will be completed in February, administrator William W. Turner told the Marin Hospital District operations committee last night.

On patients' floors all work is finished except in the nursery and surgery, he said.

The committee reviewed about 25 change orders, totaling about $3,000, which have been completed in construction of the Babcock Wing. It discussed accounts receivable one and one-half hours without conclusion. Director Herman Hale was absent.

Blue Rock Owner Sued For Divorce

Robert E. Hosmer, operator of the Blue Rock Inn in Larkspur, was sued for divorce yesterday in Marin County Superior Court by Patricia R. Hosmer, who asked that the family business be put under control of a receiver so her husband would not sell it or use company funds for personal use.

Mrs. Hosmer claimed her husband has become irresponsible in management of the business, has neglected to pay bills, and has written checks for personal use while the company bank account was dangerously low.

The couple married in Berkeley Aug. 4, 1956, and live at 17 College Court, Larkspur. They have no children.

End Darryl Hill played football with the Navy Plebes before transferring to Maryland.

Curly Hair, Walking Shoes Out Boots And Fur Hats Are Very In

By GAY PAULEY
UPI Women's Editor

NEW YORK (UPI)—Boots are in. Curly hair is out. The fur hat is in. The low-heeled walking shoe is out.

These are some of the ins and outs of style currently reflected by the women who fill the New York showrooms of fashion manufacturers this time of the year. They're the buyers by the thousands, the models, the reporters and the sprinkling of celebrities who are jamming the showrooms to see spring and summer cloths for milady. The shows continue through this week; the clothes will begin to appear in the stores across the nation after the first of the year.

THE BOOTS are not the conventional rainwear. They're the mid-calf or nearly knee-highs designed to wear as shoes and not necessarily to keep the feet dry on a rainy day.

They're in with the younger looking buyers and in with Barbra Streisand, the young singing success, who showed at the Maurice Rentner collection wearing brown crocodile boots reaching just below the knee.

TO GO with the boots, Miss Streisand wore a bulky, wrap-around fur coat plus matching fur chechia.

Miss Streisand said the coat was a copy of the type the dancer Vera Zorina made famous in her movie dancing days of another era; the chechia is a brimless, cylindrical hat whose style is of Arabian origin.

And what was the long-haired fur?

"Why should I tell you," said the singing star, "when everyone thinks it's sable?"

GUESS OF the non-expert on fur varieties: it was fisher.

Fur hats, with cloth coats, are in with many of the buyers. Favorite hat furs are mink or the spotted leopards or ocelots. In with the buyers also is the return to higher heels which outpace the sleek walking shoe of last year by a wide stretch.

Out for the models (and ultimately out for the rest of us because these girls are harbingers of fashion) is curly hair. All of the mannequins are wearing straight and casual bobs that look more like copies of a Caroline rather than a Jacqueline Kennedy hairdo. Most of the straight bobs are parted on one side with the ends trimmed to a neat horizontal line falling one to two inches below the ear. Only curl is the half-moon flip of a lock brought forward on the cheek.

IN WITH a splash are the bright colors to offset the familiar and "safe" black dress or suit. The showrooms are a sea of yellows, kelly greens, pale and medium blues, oranges, and all shades of pink which has become an any-season color.

Still in are the assorted charm bracelets noisy as a brass band and the ubiquitous handbags of voluminous proportions. (If they get any larger they should go as suitcases).

In are bulky tweed and mohair suits, a lot of camel hair coats and suits, and about as many variations of the Chanel suit—with its collarless cardigan jacket—as there are fabrics in which to make it.

STILL IN, although they do not affect fashions we wear, are the showroom greeting of slightly damp kiss and hello darling; the incredibly jammed elevators in the multi-billion dollar clothing market; the art of chair-switching (get there first and put your nameplate where you prefer to sit and place the other's nameplate on the chair you didn't want); and the giant candy jars without which store buyers might not survive.

CONTENTS OF the jars, passed around the packed showrooms, sometimes are the only sustenance the buyer has between breakfast and dinner. No time for lunch during the busy season and lunch counters are to jammed at lunch hour anyway.

Invited are Shelly Russell, Hilary Scott, Ann Strathairn and Cynthia Spaulding, whose parents are in the show. Lionel Stott and Diana Stott (he wrote and directed the show) are also giving a birthday party before Sunday night's show for their daughter, Tracy, who will be 7 years old.

MR. AND MRS. PAUL A. STREETT of San Rafael and her son, William Bostwick, chief accountant for the Feather River Dam project, have returned from a trip by jet to Omaha. En route they stopped in Denver, Colorado, for a brief visit with Bill's World War II pal, Warren Goodnight, and his wife. The Streetts and Bill visited 10 days in Omaha with Mrs. Streett's son-in-law and daughter, Lt. Col. Harvey W. Reno, who is with the Strategic Air Command, and Mrs. Reno (Mary Bostwick) and their children.

Parties and dinners were given at the Officers Club at the Omaha AFB for the visitors. To add to the excitement, the President's advisory committee was meeting at the base. Mr. and Mrs. Streett and Bill were taken on a tour of the SAC underground headquarters and they heard the late news of others in the SAC. The travelers returned to California by jet.

THE DONALD ALBERTSONS of Kent Woodlands are home from an exciting and unusual tour they conducted for 24 people. They flew to New York, then London, Copenhagen and Helsinki, from there they went to Russia and visited in Leningrad, Kiev and Moscow, then to Warsaw. From there they went to the town where Chopin, the famous composer and pianist, was born in 1810.

The Albertsons' party went into East and West Berlin then on to Czechoslovakia.

They drove from Prague to Lidice, the city almost entirely destroyed during World War II. They went to Karlovy-Vary, a famous spa, then to Bratislava and crossed the border into Vienna where they enjoyed the opera. A train ride from Zagreb took them to Venice. The tourists went aboard the SS Illyica along the Dalmatian Coast to the islands of Rhodes and Crete then to Athens and flew from there to Istanbul and made a boat trip on the Bosphorus Sea to the Black Sea and saw the submarine nets being lowered.

The travelers went to Beirut, Lebanon, where they marveled at the old and beautiful cedars, and drove through the Mandelbaum Gate which divides Israel from Jordan, the Arab country. They returned to Israel and stopped in Tel Aviv. From Africa the Albertsons and their tour group flew to Paris and found it very gay. They went to Cherbourg where they sailed on the SS Elizabeth for New York and the Albertsons flew back to San Francisco from there.

Newest Designs Made Of Furs

If artists can create masterpieces with old beer cans, match covers and lipsticks, why can't they transform bits and pieces of furs into luxurious dimensions of art?

Jacques Kaplan, an imaginative furrier, experimented with the idea successfully to the delight of his friends. Then he began to paint fuzzy pelts.

Now his latest project is fur-art under foot. He is commissioning well-known American artists to conceive of new designs for artistic fur rugs which he hopes to market this spring. —(AP)

For Cozy Terry Way Of Dressing

Wrapping up in a bath towel is such a cozy, provocative way of not-quite-dressing that women are loathe to give it up for the conventional apparel required for street appearance.

No wonder then that the better known towel companies got into the fashion business. They have an eager market for these slinky ankle-length terry cloth shifts which have more shape than the towel but are almost as casual.

Table Centerpiece Should Be Low

Fruits and flowers, the bounties of nature, say "Happy Thanksgiving." Even with a festive turkey gracing the board, even with crimson cranberry jelly quivering in its cut-glass dish and the mince and pumpkin pies cooling in the larder, Thanksgiving just wouldn't be the same without some sort of fruit-and-flower arrangement to give out the season's greetings.

A CENTERPIECE for a dining room table should be low so that the guests can see each other across the damask expanse. A combination of pompon mums in russet shades, walnuts, and red grapes, arranged in a low copper dish, is one suggestion.

Another, to grace a coffee table, is a mixture of various colored gladioli, or pompons, removed from their stems and arranged with, once again, grapes. This time the grapes should be of as many shades as are available—the reds, the purples, and the green.

From your florist, you can get tiny vials which, when filled with water, will keep each individual blossom fresh for days on end. Tucked among the piled up grapes, the vials vanish from sight and yet still serve their extremely practical purpose.

FOR A BUFFET TABLE, the arrangement may be taller. One stunning arrangement utilizes a pair of old fashioned scales as a container. Each of the weighing pans has an arrangement of its own, alike because of the flowers used but different in design to give an asymmetric effect.

This time, pale, pale pink roses were combined with pink dot button mums of a deeper shade of pink. Accenting the whole arrangement were pencil cat tails of a chocolate brown velvet appearance. To soften the edges of the arrangement, yet again, the designer draped bunches of very delicately green grapes. The pinks, the pale greens, and the browns proved to be magnificent.

WHATEVER type of Thanksgiving arrangement you select, be sure it combines the beauty and fragrance of fresh flowers and the "Harvest Home" feeling of fruits.

At 11 a.m., "The Witch Who Lost Her Temper," in which three classic themes from European folklore have been combined to create a satisfyingly familiar drama yet original and full of suspense. It is requested because of the length and dramatic nature of this play only children over the age of six attend.

MEDIC AID FOR AGED PROPOSED

Javits Measure More Costly Than Administration Bill

WASHINGTON (AP) — A private study group, including three former Eisenhower administration officials, called yesterday for a compulsory medical care program for the aged that would be more costly than proposals backed by President John F. Kennedy.

Sen. Jacob K. Javits (R-N.Y.), at whose suggestion the committee was formed last year, said he plans to introduce a bill incorporating main features of the Social Security tax-financed plan and invited Democrats to join him.

The proposal drew immediate opposition from the American Medical Assn. and is expected to draw fire from Rep. Wilbur Mills (D-Ark.), chairman of the House Ways and Means Committee who already opposes the Kennedy administration's bill because it would entail an increase in Social Security taxes.

OVER 65

The study group's program would provide for payment of all costs of hospital care for persons over 65 for from 70 to 90 days.

Since administration proposals provide for the patient to pay some of the costs of hospital care, the study group plan would require higher Social Security taxes.

However, Arthur S. Flemming study group chairman, told a news conference it was felt the compulsory program is needed to provide a foundation on which could be built a total program of health insurance for elderly persons.

LOW COST

On top of this foundation, he said, private insurance firms could offer a low-cost health plan for persons over 65 which would pay doctor bills, drug costs and other medical expenses.

Flemming, welfare secretary during the administration of former President Dwight D. Eisenhower, stressed that this plan would not do away with the need for the present Kerr-Mills program, which was enacted while he was in the cabinet.

Other committee members include Marion B. Folsom, who also served as welfare secretary in the Eisenhower administration; Arthur Larson, former Eisenhower speech writer and undersecretary of labor who now is director of the World Rule of Law Center at Duke University; and top health insurance and medical officials.

TWO PARTS

Essentially, the study group's proposal has two parts:

1. A compulsory program which would provide all costs of hospital or other institutional care. It is estimated this would account for about one-third of the medical expenses for elderly persons.

2. A voluntary program of private health insurance at low rates, made possible by legislation permitting private firms to band together in a nationwide, cost-sharing operation of the type now barred by the anti-trust laws.

Soviet-Sino May Be Over Uranium

By SENYUNG CHOW
Worldwide Press Service

TAIPEI — The real reason for the Peiping-Moscow quarrel over Sinkiang is believed to be not border violations but uranium. This source of atomic energy is also felt to be a factor in the Sino-Indian clash over Ladakh.

What is thought to be one of the world's largest uranium deposits is located in the Pamir region between Soviet Central Asia and southwest Sinkiang, stretching to Ladakh in the Himalayas. The better part of the ore, however, lies in Sinkiang.

Information indicates Soviet Russia is depending upon this region as a key source of her uranium supply.

The following facts are regarded as indications of the existence in this region of Soviet industrial installations for producing fissionable materials:

1. The Soviet "Physicists' City" is located in the Pamir region;

2. The first Soviet earth satellite was launched from the desert north of Lake Aral on the periphery of the region;

3. U. S. Air Force seismologist Dr. Carl Romney reported an atomic explosion in Sinkiang in 1958, and,

4. On Sept. 26, 1961, Radio Peiping issued an emergency warning to inhabitants in Sinkiang and nearby areas to disperse to avoid atomic fallout.

Peiping's refusal to barter away Sinkiang uranium deposits to the Russians in return for Soviet nuclear technology is believed to have aggravated Peiping-Moscow dispute.

The Chinese Communists have obviously backed out of their promise, written into an agreement in 1950, giving the Soviet Union rights to extract oil, non-ferrous minerals and uranium in Sinkiang.

Peiping needs the uranium to develop its own nuclear weapons.

Peiping's rancor over this issue was seen Sept. 6 in both the "People's Daily" and "Red Flag" newspapers, which accused Moscow of trying to bring mainland China under "Soviet military control" and of refusing to provide China "a sample of an atomic bomb and technical data concerning its manufacture."

The Russians were also charged with carrying out "large-scale subversive activities" in Sinkiang and luring "several tens of thousands of Chinese citizens into Russia in April and May, 1962."

This refers to the apparent Russian strategy in Sinkiang of stirring up minority troubles and promoting "regional nationalism" against Peiping's control.

It reflects numerous reports which have been carried by the Soviet press about Chinese Communist persecution of Sinkiang minorities.

Moscow's siding with India in its border disputes with Peiping is interpreted here to be a move calculated to bar the Chinese Communists from uranium-rich Ladakh.

But the Chinese Communists are unlikely to be ousted. They have built a road through Ladakh to link Sinkiang with Tibet. And Peiping's Premier Chou En-lai once even offered to trade with India a larger chunk of land on the other end of the MacMahon Line in return for Ladakh.

'Come Blow Your Horn' Is Slated

"Come Blow Your Horn," a comedy about the adventures of a young bachelor, will be presented by the Ross Valley Players, a three-weekend run at the Marin Art and Garden Center's Barn in Ross, starting Friday.

The play features several veterans from previous productions by the Players and other local theater groups. Alain Flower has the leading role and has appeared in the Marin Shakespeare Festival's "Taming of the Shrew."

Joan Palladini, who plays his girl friend, has been in semi-professional and professional productions, including television westerns. George Shistar, who is appearing as the bachelor's father, has been with the Players since 1955. He was featured last year in their production of "Harvey."

Reggie Waldon, who plays the mother, has taught and directed in the Players' drama workshop and has had major roles in their productions for many years. Other featured players in "Come Blow Your Horn" are Douglas Schukar and Lyn de Coppet.

The play will be given again Saturday, and Nov. 22, 23, 29 and 30. Curtain time will be 8:30 p.m.

Strep Infections Tops, Mumps Second

Streptoccic infections headed the list of communicable diseases reported in Marin County last week, but mumps were a strong second.

Dr. Carolyn B. Albrecht, county health officer, reported 30 cases of streptoccic infections, 25 cases of mumps, and one case of infectious hepatitis.

2,800 Gamblers Daily Go To Nevada By Bus

SACRAMENTO (CNS)—About 2,800 persons per day, or nearly 85,000 per month, are being ferried into the Stateline and Reno gambling casinos via the bus route, from various California cities, according to estimates from figures supplied by the Bureau of Plant Quarantine, state department of agriculture.

The bureau, which maintains the border stations at Truckee and Meyers, on U.S. 40 and 50, respectively, does not include the Nevada gambling buses in its regular entry count, said E. A. Breech, chief.

However, it does maintain estimated figures which show that approximately 30 bus-loads of gamblers leave the Nevada side via the Meyers route and 25 from Truckee each day. The buses contain an average of 50 persons, and are always full.

The buses are operated on a minimum fare, usually with a refund from gambling establishments at Reno and Stateline after arrival at destination.

The 1,500 average per day into the Stateline area, it was pointed out, compounds the sewage disposal problem at the south end of Lake Tahoe.

In addition, the agriculture report shows 212,438 passengers in automobiles entering California via Meyers in California-registered automobiles, while 329,787 in the same category entered via the Truckee route. This was for a single month, October, 1963. The department could not say what percentage of this entry was from persons who had left California solely for the purpose of gambling in Nevada.

New Novelty Greeting Card Firm Opening In San Rafael

A new business, **Cube Card Corp.**, will open at 130 Woodland Avenue, San Rafael, around the middle of December or first part of January. This is a firm to engage in the printing of novelty greeting cards and will be handled by William McKee of San Carlos, a brother of **Donald B. McKee** of Kentfield.

Byron Mayo

Cube will produce cards for all occasions— except for this Christmas. It's too late for that.

The business will be wholesale and cards will be distributed to stores throughout the the county. McKee expects to move to Marin County.

BYRON MAYO of Mill Valley, vice president and account supervisor in the San Francisco office of Foote, Cone and Belding advertising agency, has been named assistant to the president of the Sea and Ski Co. (suntan lotions) and Renauld of France (sunglasses), two integrated divisions of **Botany Industries, Inc.** His responsibilities will include general administration as well as advertising and public relations.

In teaming up with a former client, Mayo ends an association with the advertising agency, which began in 1949. In assuming his new position, a move from his Mill Valley home is not anticipated, he said.

NEW NOVATO BUSINESS: Novato Do-Nut Shop, 977 second Street, owned by **John L. Pozzi**, formerly of Petaluma.

TRAVELERS along Las Ranchitos Road which has been torn up lately near the Northgate Shopping Center can smooth down their tempers again. Ghilotti Brothers paved the street yesterday.

YOU WOULDN'T think of **Montgomery Ward** as a beef buyer. But the Bay Area stores in the chain purchased the champion Hereford and grand champion carload of the recent livestock show in the Cow Palace—15 head weighing about 1,000 pounds apiece. The meat will be given out in prizes to freezer buyers at the stores (including Corte Madera) this weekend.

WEST END MERCHANTS will put on quite a show of merchandise and services tomorrow afternoon. This is their first big joint campaign.

NATIONAL CONFERENCE of the **Public Relations Society of America** will be held next Monday at the Fairmont Hotel in San Francisco.

CAR SALES reported during October were so high that figures hardly seemed credible (769,000 in American made cars), resulting in no great increase in stocks even though production during the month was also higher than ever before. Chrysler-Plymouth Division reported a modest 10 per cent sales increase over October of last year and 23 per cent higher than September. Chevrolet gains over October, 1962 were 32 per cent; Pontiac 20 per cent. November output figures are also calculated to be record high.

Garden Society Talk

Norvell Gillespie of Berkeley, garden columnist and television performer, will be featured speaker at a meeting of the Garden Society of Marin at 8 p.m. tomorrow in the chemistry room, College of Marin, Kentfield. He will discuss "How To Insure Lots of Spring Color by Planting in November."

Almond Products Demand Growing

SACRAMENTO (UPI) — The California Almond Growers Exchange says a growing demand for manufactured almond products has brought about reorganization of part of the exchange's new 55,200-square foot plant here.

The exchange said the changes were made in the manufacturing department on the second and third floors. The department produces more than 20 almond items, including almonds in various sliced, diced and blanched forms.

Pleads Innocent To Auto Theft

Eugene Bernard Tracy, 25, of San Francisco, pleaded innocent yesterday in Marin Municipal Court to a charge of auto theft, but pleaded guilty to driving with a suspended license.

Judge Harold J. Haley sentenced Tracy to five days in jail on the license count, and set a preliminary examination on the theft charge Wednesday.

Tracy was arrested by San Francisco police Monday and brought to San Rafael. San Rafael police said Tracy borrowed a car belonging to Woodrow Wilson Fitzsimmons, 805 Fourth Street, Oct. 26, 1962, and never returned it. It was later found in San Francisco.

Green Go-Ahead Light For New Civic Center Phase

A wise and timely decision to proceed at once with preliminary drawings for the second phase of the Marin County Civic Center was made Tuesday through majority vote of the supervisors.

Actually there was no negative vote. Supervisor George Ludy was absent and Chairman William D. Fusselman abstained, declaring he wanted to conduct a straw vote on present public sentiment throughout the county.

Fusselman's three colleagues manifested curiosity as to "just what you want to find out," as Byron W. Leydecker put it. Certainly their curiosity was warranted at a time like this when a first phase of the Civic Center has been built and paid for, its capacity is already overstrained, and a second stage of construction is urgently needed.

So everyone will await with interest the questions to be put by Fusselman, who pledged that they wouldn't be "loaded" but who seems up against a tough task to avoid the accusation that one way or another they are loaded.

To ask people whether they want to provide more space for the business of their county government would be silly on two grounds. First, plenty of good citizens with a touch of anarchy in their hearts secretly wish they could quit being taxed for anything, regardless; they almost wish they had no government to pay for, but they're wrong and able to indulge in such selfish thinking solely because they have no responsibility. Second, the supervisors have a duty to provide for county government and that's that.

At this late date it hardly seems sane to try to stir up any further debate about carrying on the plan so far so successful. We have a magnificent Civic Center, not perfect, but remarkable and admired; its efficiency high, its construction costs low by comparison with more orthodox pedestrian structures, and a pattern now set from which deviation would be hardly thinkable.

In their most recent space analysis the architects took opportunity to reemphasize their conviction of "the significance and potential value to Marin County of a great architectural concept; one of the last and most important works of Frank Lloyd Wright. Here, for the first time in the history of our Republic, government workers and in fact, all the citizens of the county and its many visitors may enjoy the beneficent effects of a beautiful planned environment for work."

The trouble grows pretty purple but we feel it's justified: "Here the intangible force of a noble architectural concept, concerned with humanizing the accomplishments of the machine and of purely objective science, can constantly and subtly provide inspiration and relief for the intellect, emotions and heart; the opportunity to move, live and work in a beautiful integrated space; to relax the eyes and mind by absorbing distant natural views framed by the sympathetic and graceful geometry of the foreground architecture . . . Here is indeed the Architecture of Democracy."

Such being the case, and many thousands of people indeed do feel that it is the case, it seems the part of good citizenship to close ranks and get on with the unfinished job.

Computer George Needs Expert Humans

Now it turns out that our county's electronic "George" is a fancy eater, along with his other quiddities.

Welfare Director Betty L. Presley complains that she has to provide a special cook for him, known as a programmer, and that the price of cooks is soaring.

George doesn't do his stuff without proper nourishment. Nor do any of the other complicated computers, multiplying all around us faster than the human population. (They add and divide too.) So though George is supposed to take mathematical loads off human shoulders he also requires well-paid human help in his own kitchen.

Reminds us somehow of that famed query about "Who takes care of the caretaker's daughter when the caretaker's busy taking care?"

BACKSTAIRS AT THE WHITE HOUSE

Far From Moving, Kennedys Plan Virginia Additions

By MERRIMAN SMITH

WASHINGTON (UPI) — The house of President and Mrs. Kennedy outside Middleburg, Va., at a village called Atoka, is posing some interesting problems for the gossipy people of the foxhunting country.

The folks down Middleburg way were convinced for a time that the Kennedy's, after renting their new Virginia house for more than two months, were about to get rid of the place.

Now, say local gossips, bids are being sought and studied for additions to the house. Actually, the additions being discussed now concern the barn. Mrs. Kennedy wanted a five-stall barn, according to the Middleburg version, but the president wanted a less expensive structure.

AFTER LIVING at Atoka for a few weekends, there seems to have been a new agreement within the family —either a new barn or the addition of several stalls.

It may remain a source of some curiosity to those who live in the Virginia hunt country: Why does Kennedy spend weekends in the area?

He does not ride to hounds; he has very few friends in the neighborhood.

If it were left entirely to his preferences, the president would spend most weekends at Camp David, a heavily guarded and highly secluded government establishment in the Catoctin Mountains of Maryland.

THE FIRST lady, however, is a devotee of the hunt country. She's also feeling much better after the August death of their third child, an infant who died after less than two days of life.

Mrs. Kennedy's improved spirits therefore account for her decision to add to the barn at Atoka and possibly put a few new rooms on the house.

The house currently has seven bedrooms. The need for additional sleeping chambers indicated an influx of company. Or more lucrative rentals next spring and summer.

THE PLACE rented for $2,000 a month this year. If the price goes up much more, it might influence the Labor Department's cost of living index.

However, pity the poor labor department interviewer who tried to walk up to the front door of the Kennedy house and inquire about current rent levels.

This man might end up reading meters in Guam.

Gobbledegook Dept. Is Going Strong

Editor, Independent-Journal:

Recently the KMSL News Department acquired its own Ukiah post office box . . . and yours truly spent an entire afternoon sending out the little yellow P.O. change-of-address cards, then sat back to watch the fun.

Some of the recipients (such as the I-J) responded immediately with the corrected address. Others struggled through the transition, typing in the old box number, scratching it out and valiantly penning in the new one. Some, including the office of our illustrious assemblyman, ignored the whole thing. And the postal clerks at the local office dissolved into utter confusion.

But for the "howler-of-the-week," for an illustration of sheer two-fisted-unadulterated left-hand-not-knowing-what-the-right-hand-is-doing drowning-in-red-tape big-government-bureaucracy, may I submit the (form letter) answer my little yellow card drew from the State Controller's office!? (I presume everyone who's ever been on the receiving end of "news releases" is familiar with the frequent announcements and statistical tables sent from there to every media in the state.)

Quote: (from the Division of Disbursements, yet)

"Dear Miss Allen:

"The notice you recently filed with this office does not contain sufficient information for us to determine the agency or program to which it applies.

"Although the State Controller's Office issues all warrants, other records are maintained by the administering agencies.

"We are returning your notice so that you may mail it to the agency concerned. However, if you do not know the name of the agency, please advise us of the program or purpose of such payments and we will endeavor to assist you in directing the notice to the proper agency.

"Very truly yours,
R. L. Braden, Chief
Division of Disbursements
By M. A. Matz

Let's fly by that again?! Incidentally, the P.O. Box # on the return address of the Controller's news / publicity releases is identical to that received on the above jewel of verbiage—1019.

Bodega Head Site Carefully Checked

Editor, Independent-Journal:

It is encouraging and satisfying to learn that our government is doing such exhaustive research before granting the utility company involved a construction permit for this proposed major nuclear power plant.

As I understand the state of California Public Utility Commission's function, this body is empowered to grant public utilities additional facilities based on public convenience and necessity. I am not entirely in accord with P.U.C. chairman William Bennett's statement that he cast the only dissenting P.U.C. vote against the site location for reasons of aesthetics mainly, and the atomic feature secondly.

The United States Atomic Energy Commission is the governing agency in the use or misuse of atomic power for peaceful purposes. Working closely with this body on the technical aspects of the questionable site are the Department of the Interior, U.S. Geological Survey, and the Coast and Geodetic Survey of the Department of Commerce.

The geological and seismological aspects of this site are being closely studied by qualified, impartial engineers working for the best interests of the future use of this form of power.

A nuclear plant failure with the resulting magnitude of possible human damage would set back the peaceful use of this form of power for 100 years. It is gratifying to learn of the precautions and research being expended to ascertain if the site is completely tolerable.

But Where Is That Subsidy For I-J?

Editor, Independent-Journal:

Anent the "letters" column referring to Carey McWilliams—

When Birch-head (excuse me — I mean hued) letter writers such as Mrs. Walter J. Eager, housewife (?) of San Rafael, have their letters appear in a capitalist-subsidized institution such as the Independent-Journal, the capitalists and readers alike should be so advised.

It is inconceiveable that such a person could give unbiased viewpoint, especially about keeping house. Are we to assume those responsibile for the appearance of her letter did not know her background or did they purposely conceal the facts?

ROBERT O. MOORE

(We don't know a thing about whether either Mrs. Eager or Mr. Moore can keep house for sour apples. We care less.—EDITOR)

REMEMBER WHEN?

10 YEARS AGO

Grand Jury Foreman I. W. Borda denied that his group was about to file an indictment against Assessor George Hall but said investigation of Hall's office is still in progress.

San Anselmo was on its way to getting a Pacific Gas and Electric Co. franchise after eliminating any mention of responsibility for removal of utilities in case of freeway development, deemed not a city problem.

20 YEARS AGO

Inspection of 140 Marin food establishments by the Marin County Health Department disclosed that 54 were violating the state Food Sanitation Act.

Organized Labor of Marin said every Marin County service man would get a free package of cigarettes as its gift.

"The Friendly Northwestern Pacific" published an advertisement declaring "we can't begin to say how much we appreciate the patience and understanding you have shown us during this trying war period."

Young Shamus O'Toole, born and raised in the deep South, got tired of being called "That-so-and-so Irishman" by various townspeople. He said, "I'm going back to the land of my forefathers—where EVERYBODY is Irish, and I won't be called 'that Irishman, any longer." He moved to County Cork, Ireland. And he was right. In Ireland they called him "That so-and-so American."

Mrs. Wilson was delighted last week when her teen-aged daughter Liz hung up the phone after only twenty minutes — only one-third the time of one of her average calls. "Your friend must have had a date she couldn't keep waiting," observed Mrs. Wilson sarcastically. "That was not a friend," said Liz. "It was a wrong number."

Nixon Says He's Not Candidate Which Still Leaves It Open

WASHINGTON (AP) — Former Vice Pres. Richard M. Nixon has stopped far short of eliminating himself from consideration as the Republican party's choice for the presidential nomination.

He could do it in one, simple, positive sentence: "I am not a candidate for the presidential nomination and I will not accept it if the convention offers it to me or tries to draft me."

Instead, he has limited himself to saying he is not a candidate for the nomination, which can be interpreted as saying he will not actively campaign for it between now and the 1964 convention.

THAT'S a long way from saying he would not accept the nomination or like to have it.

Last month in an interview the magazine U. S. News & World Report asked him the question directly: Would he accept the nomination if drafted?

He said: "I shall not be a candidate in '64—and that answers all questions of that type . . . there can be no draft unless a man stimulates or encourages it . . . my statement that I shall not be a candidate means there can be no draft."

IT DOES NOT necessarily mean any such thing. The fact that he did not actively seek the nomination does not prevent the convention, if deadlocked on others, from seeking a way out by turning to him.

While he said he is not a candidate, he has been urging Republicans in all sections of the country not to commit themselves yet to any would-be candidates. His reason is said to be: It's too soon to know what will happen.

As of now there are only two candidates in sight: New York's Gov. Nelson A. Rockefeller and Arizona's Sen. Barry Goldwater. Rockefeller has already announced his candidacy, Goldwater is expected to in January.

AND—BOTH men said they thought Nixon was acting like a candidate.

One month ago Nixon said he hoped there would be nothing on the record between then and the convention to indicate he favored one candidate over another.

While such reticence would avoid adding splits in the Republican party, it would also avoid making enemies for him among the followers of the candidate in case the convention finally did turn to him.

Monday in Miami editors representing a cross-section of the nation's daily newspapers said they feel Nixon will be the Republican candidate against President Kennedy, but that Kennedy will beat him again as he did in 1960.

FIFTY EDITORS, in Miami for the annual Associated Press managing editors meeting Tuesday, were quizzed by the Miami Herald and 26 of them picked Nixon as the Republicans' choice.

Goldwater got 12 votes. The rest went to Rockefeller and Michigan's Gov. George Romney. The editors stressed that their selections were based on judgment and not on their political preference.

For a man not seeking the nomination, Nixon has been talking a lot. He explains that, too:

"At this time I believe I can best serve both the Republican party and the nation as an independent, constructive critic of the Kennedy administration policies rather than as a candidate."

This does have some advantages, of course, just in case the party in the end wanted to pick him.

ALL POCKETBOOKS HIT

Current Deliberations Vital To Americans, Europeans

By PHIL NEWSOM
UPI News Analyst

IN BRUSSELS and Geneva deliberations are under way which eventually will affect the pocketbooks of more than 185 million Americans and more than 172 million Europeans.

Eventually, the outcome could affect the price of such widely diverse items as an Italian necktie in Kansas City and an American frozen chicken in Munich.

In Geneva a panel of experts appointed by an organization bearing the formidable title of General Agreement on Tariffs and Trade (GATT) is attempting to arbitrate the "chicken war" between the United States and the six nations of the European Common Market.

THE UNITED STATES charges that Common Market levies against American frozen chicken literally has frozen American poultry producers out of the community. It sets the loss at $46 million. The Common Market claims the loss is only $19 million.

And, unless the Common Market community makes some sort of amends, the United States threatens retaliatory tariffs on two dozen or more items imported from Europe.

At stake is much more than the frozen chicken market. The United States annually sells to Europe more than a billion dollars worth of agricultural goods. And the fear is that a high protective tariff system eventually could bar a large portion of that total from Europe.

THE GENEVA arbitrators may come up with a decision within days.

For the future of the Common Market, and its ultimate hopes for a politically united Europe, the problem under study in Brussels is even thornier.

Foreign ministers of West Germany, France, Italy, Belgium, Holland and Luxembourg are attempting to agree upon a Common Market agricultural policy.

French Pres. Charles De Gaulle, with ambitions to make France the breadbasket of Europe, has hinted he may pull out of the Common Market altogether unless agreement is reached by the end of the year.

DE GAULLE'S chief political strength lies with the French farmer who grows increasingly unhappy as he is caught in a squeeze between falling prices for his bumper crops and steadily increasing costs.

Thus the pressure on De Gaulle.

De Gaulle's chief opposition is the West German farmer. German agriculture is less efficient than the French, but enjoys the most government protection of any in Europe. In West Germany, the farmer also is a potent political force.

And, unhappily for the German farmer, any agreement on a common policy must come at his expense.

A CURRENT proposal would aid the French farmer but is estimated to cost German farmers $140 million a year.

The chances for agreement before the end of the year seem small indeed.

But upon agreement also hinges the chance for success for even more important negotiations scheduled for May, 1964. This is the meeting of GATT nations at which the United States hoped to negotiate across-the-board tariff cuts up to 50 per cent.

One way or another, it affects every pocketbook in the U. S. and Europe.

I-J REPORTER'S NOTEBOOK

By FRED WYATT

Who Says I-J Is A Fish-Wrapper? Family Moves In Our Paper!

AL COLLINS, the genial radio announcer, moves deeper into Lucas Valley this Saturday: "We're wrapping our things in the Independent-Journal."

When he and his wife first settled in Marin they lived in Terra Linda. They moved to Lucas Valley and now are going "into the cow country, further into the deep rock" to an area mapped as Lands of Luiz.

Among other interests (music, sports cars, photography, helping new entertainers get recording contracts, finding lost dogs), Al wishes Lucas Valley had its own postmark instead of San Rafael's.

The Collinses probably don't see eye to eye with State School Supt. Maxwell Rafferty. They have a child in the FYT School, Larkspur, which the KSFO personality praises for its "progressive education."

REED School District trustee David D. Ring, for whom I formed a high regard in the 1961 Third Supervisorial District recall, writes the I-J the Reed people who left a Tamalpais High School District board meeting early Oct. 21 did not know it would hear enrollment projections that evening.

This also was the burden of phone calls to me by another trustee at 8:30 a.m. Oct. 23 and by a reporter for a Tiburon paper two hours later.

I admit the Tam chairman's forecast of the projections before Reed left sounded routine to me then and later. The board took no action but requested expansion of the projections from 1968 to 1975.

I can't help feeling that even if we had run the item Reed still would have had a gripe because of its opposition to complete Tam unification; on other matters (raising money, etc.) Reed has solidly backed Tam.

I am flattered, I think, by Reed's attentions to me in the matter but feel they more properly were addressed to Tam, still in its old location.

ROBERT I. LaDow, Corte Madera town councilman and McGraw-Hill Book Co. executive, is one of the best and most intelligent government leaders I have met in covering county and city meetings in Marin.

Home after a stay in Marin General Hospital following his hospital period in New Jersey for a heart attack, LaDow expects to resume his duties some time after Jan. 1.

CAPITOL QUOTES

By Capitol News Service

CONTROLLER Alan Cranston on use of tidelands oil funds: "This (state lands) commission has not only NOT approved—either formally or informally — any financing plans of the Long Beach International Exposition, but it feels there are critically important questions of legality, management and public policy yet to be answered."

REP. Don Clausen (R-Crescent City) on federal Pacific Southwest Water Plan: "This would, therefore, transfer the adverse impact of the Supreme Court decision from southern California to northern California and would leave northern California with a total of 2.4 million less acre feet of water than currently available . . . for its present and future development."

RICHARD Johnsen, Agricultural Council of California: "With the planting of sugar cane in the Imperial Valley and peanuts in the lower San Joaquin Valley, every crop grown commercially in any of the continental United States is now grown in California."

LEO Lopez, coordinator pilot program for culturally handicapped: "Many of these children come to school far behind the others and they never catch up."

MOUNTAIN Counties Water Resources Assn: "What we are seeing in this hastily conceived (Pacific Northwest) proposal to meet mounting needs might be likened to a ball game being started with no field of play marked out."

THE LIGHTER SIDE

Mrs. Neuberger Used Head, Quit Fags The Hard Way

By DICK WEST

WASHINGTON (UPI) — Mrs. Maurine Neuberger, a denicotinized Democrat from Oregon, has written a book in which she attempts to convince people they should quit smoking.

My interest in the book, called "Smoke Screen," is more or less academic, owing to the fact that I stopped smoking about 18 months ago.

I was, however, intrigued by Mrs. Neuberger's account of how she, a former pack-a-day smoker, broke the habit.

IN 1957, Mrs. Neuberger began having fainting spells. The second time she swooned, she cut her head as she fell.

The doctor who treated her suggested that she stop smoking, whereupon she picked up a pack of cigarettes from her bedside table and threw it across the room.

The cigarettes, not the table.

Mrs. Neuberger never smoked again and, as far as I know, she never fainted again either.

NOW ANY METHOD that works must be considered successful, but it seems to me that Mrs. Neuberger did it the hard way. A cut on the head probably is a higher price than most smokers would be willing to pay.

And flinging a pack of cigarettes across the room will not by itself do the trick.

Smokers who have tried that have told me they started smoking again as soon as they tidied up the place.

PERHAPS my own case history can serve as a guide for anyone who might be seeking an easier system.

I first made up my mind to quit smoking in 1942 when I was a private in the Army. My resolution stemmed from a distaste for picking up butts along the company street.

Shortly after that, however, I was sent overseas where abstinence was made more difficult by the fact G.I.'s could buy cigarettes for a nickel a pack.

At those prices, a person cannot afford not to smoke.

FOR A TIME after the war, certain brands were in short supply and smokers were clamoring to get them. This aroused my competitive instincts with the result that I laid in a supply that lasted until 1952.

At that point, I started the classic withdrawal pattern. I smoked cigars for a year and then I took up pipes. Thus by 1954 I was smoking cigarettes, cigars and pipes.

In 1955 I gave up pipes and the next year I cut out cigars.

AFTER THAT, there was nothing to it. I simply left my cigarettes on the bedside table and threw myself across the room.

If I can do it, anyone can.

All it takes is 20 years, a World War and a lot of will power.

Thief's Cache Is Turned Up

A thief's cache was turned up Tuesday in the basement of a San Rafael apartment house yesterday when some old boards were removed from a garage wall.

Maria Simontacchi, owner of the building at 309 C Street, told San Rafael police that a wallet and a woman's corduroy coat were found hidden in the wall when the boards were removed by a tenant.

Police learned that the owner of the wallet, Emil Aime Serres of 265 Santa Rosa Avenue, Sausalito, lost his wallet sometime last April in Sausalito. He said he had $20 in it at the time, but nothing now remained except identification papers.

Hand was president of the Santa Maria Real Estate Board in 1960.

Several salesmen from the Santa Maria office may join the firm in San Rafael, Bogdanovich said.

HOW TO PLAY WINNING BRIDGE

By ALFRED SHEINWOLD

Give Up A Trick To Improve Your Luck When Playing Game

"It was a very unlucky hand," South remarked as he scored 100 points on the wrong side of the scorepad.

"Both aces were wrong, and the diamonds didn't break."

Opening lead — ♣ 7

East took the queen of clubs with the ace and returned the jack of clubs to dummy's king. South drew trumps, cashed the top diamonds, and gave up a diamond.

LED DIAMOND

West won and led a fourth diamond, forcing South to ruff. Declarer tried a spade next, losing the king to East's ace. The defenders took a second spade, and South was down one.

It was true that South ran into bad luck, but he should have made the contract nevertheless.

The first two tricks made it clear that East had all the missing high clubs, and this should have provided the clue.

LOSER ON LOSER

South can assure the contract by a loser-on-loser play. After drawing two rounds of trumps declarer cashes the top diamonds and leads the nine of clubs from dummy.

East must step up with the 10 of clubs, and South discards his last diamond.

If East has a third diamond to return, South canr uff. And if the diamonds have broken 3-3, South can get to dummy with a trump to discard a spade on dummy's last diamond.

CAN RUFF

Even if East started with four diamonds, South can ruff the third diamond and lead a spade toward dummy's king. It has cost him nothing to try the club play first.

As the cards lie, East has only black cards left. If East returns a spade, dummy's king will win a trick; and if East returns a club, dummy ruffs while South discards a spade.

Either way, the contract is home.

ALMANAC

Today is Thursday, Nov. 14, the 318th day of 1963 with 47 to follow:

The moon is approaching its new phase. The evening stars are Jupiter and Saturn.

On this day in history:

In 1832, the first streetcar in the world made its appearance on the streets of New York City.

In 1851, Herman Melville's "Moby Dick" was published by Harper and Brothers in New York.

In 1881, the trial of Charles Guiteau, charged with assassinating President James A. Garfield, opened in Washington.

A thought for the day — American Justice Oliver Wendell Holmes Jr. said: "Life is an end in itself, and the only question is to whether it is worth living is whether you have enough of it."

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

Boy Scout Districts To Merge

The Marin Council, Boy Scouts of America, has announced a district consolidation which will affect all three Marin scout districts.

Paul Dunn, scout executive, announced that "effective immediately, our Redwood District, covering central Marin, and our Southern District, covering the Bolinas-Mill Valley-Sausalito area, will be consolidated into one."

"Reasons for the consolidation," said Dunn, "is a realistic appraisal of the number of boys in each district and the rate of growth in each. It is also recognition of the fact that our Miwok District (North Marin) now serves more than 5,000 boys during the year. More than 2,000 of these are in the Miwok District.

"We have been aware of this growth," he said, "but until now have not had the financial means to keep pace with it. Now, and as a result of assistance from Marin United Crusade, we will be able to put a full time man up there and provide far more service."

Dunn announced that Frank Bosl, Bank of America manager in Sausalito, will be the new district chairman for the combined Redwood and Southern districts.

Rusty Hints For His Milk

ANITA, Iowa (AP) — The Eugene Trimbles of Anita have a 6-year-old dog. They call him Rusty.

Rusty is fond of milk, and when he doesn't find any in his dish he picks up the dish and bangs it on the floor.

If that doesn't get results, he gets an empty milk carton from the kitchen wastebasket and takes it to one of the Trimbles —just a hint.

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

Recurring Boils Can Become Real Problem And They Must Be Treated

VAN DELLEN

The treatment of a boil (furuncle) has not changed much over the decades. The situation is different when it comes to recurring boils, especially when the elusive staphlococci are responsible. These common organisms live on the skin and produce a boil by invading a hair follicle. Something other than penicillin is needed because they have the knack of becoming resistant to antibiotics.

Recurring boils can be a real problem and it is here that details count. The local treatment of the lesion is important. Some physicians place adhesive tape over the inflamed area; it is removed daily and another applied. Others utilize hot, moist compresses to "bring the boil to a head." Heat macerates the top of the lesion until it ruptures, allowing pus to escape. The longer the compresses are kept on, the quicker the abscess will break.

THE PUS TEEMS with staphylococci and cleanliness of the surrounding area is of the utmost importance. The affected parts should be washed meticulously with a soap or detergent containing hexachlorophene. Let the skin dry itself to prevent contamination of linen. After changing the dressings, scrub the hands for at least five minutes, using a brush. Keep the nails short to prevent the micro-organisms from hiding under them; this, also will help keep the fingers clean.

Contaminated towels and face cloths should be boiled daily. Launder the sheets and pillowslips twice weekly and wash the blankets with soap and water and dry out of doors if possible.

AVOID ALL cosmetic creams, hair oils, dressings, and massage with oils and greases. Some authorities suggest that the nose be treated because staph organisms are found so frequently in these areas. They are easily transmitted from the nose to the skin via the fingers.

Other staph skin lesions are avoided by improving the resistance of the skin to discourage infections. Avoid chocolates, cola drinks, broccoli, iodized salt, vitamins with minerals, and food and food supplements rich in iodides, including shellfish.

(Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request.)

STRETCHING AND STATURE

Mrs. F. W. writes: My 17-year-old daughter is 5 feet, 8 inches tall. She attends dancing classes regularly, where she does lots of stretching. Could this cause her tallness?

REPLY

No. Height is more likely to be hereditary.

ALCOHOL AND SEIZURES

M. S. writes: Is it safe for a man who has not had a convulsion in eight years to take a cocktail occasionally?

REPLY

Alcohol may precipitate epileptic convulsions. You may be in the clear at this time but why take a chance?

GROWTHS ON OVARIES

E. K. writes: Is an ovarian cyst the same as an ovarian tumor?

REPLY

No. A cyst is a sac containing a fluid or semi-fluid substance and a tumor is a swelling or a mass of new tissue that serves no useful purpose.

BRAIN ARTERIES

J. S. writes: Could hardening of the arteries of the brain induce epileptic convulsions?

REPLY

Yes, especially after a stroke.

West End Stores Set Open House

San Rafael merchants in the West End district will unite their efforts tomorrow afternoon and evening in an open house to acquaint shoppers with their services.

About 25 or 30 tradespeople and businesses between E Street and the Miracle Mile, and from Second Street to Fifth Avenue, have chosen tomorrow as the day for a "trial run" promotion which may lead to a series of similar events for the neighborhood.

Speaking for the group, owner Charles Rutland of West End Variety Store, who has spearheaded the movement, said merchants are setting aside the hours from 2 to 9 p.m. to welcome visitors, hold special sales with regularly stocked merchandise marked down for the occasion, and present free tickets for prizes. Awards of stereo equipment, appliances, merchandise orders, grocery baskets, free dinners, and other goods and services donated by participating stores will be made.

A contest to guess the weight of a live turkey will bring the winner a complete Thanksgiving dinner. The drawing for prizes will be held at 9 p.m. and winning numbers will be posted in store windows the following day.

"There are many San Rafael shoppers who do not realize the wide range of merchandise and services offered in the West End district," Rutland said. "If we can get them acquainted with us, we believe they'll visit us more often. And if this campaign is successful, we'll follow it up with other neighborhood events."

Book All About Onions Written

DAVIS (UPI)—A book that tells all about onions has been written by a California professor and a private researcher.

The book, "Onions and Their Allies," covers the history, classification, genetics, culture and pest control of onions, garlic, chives and related crops.

It was written by Louis K. Mann, professor of vegetable crops at the University of California at Davis, and Henry A. Jones, director of research for the Dessert Seed Co., Inc., and former staff member of the University of California and of the U.S. Department of Agriculture.

California Hen Population Up

RIVERSIDE (UPI)—The population of hens in California has exploded twice as high as the population of people.

Since 1940, laying hens have increased from 11 million to 32 million, according to poultry expert Donald D. Bell of the University of California.

Californians increased from seven million to 17 million during the same period.

WEST END ATTRACTION — Posing with an oversized coupon for tomorrow's drawing for prizes in San Rafael's West End section is model Marilyn Greenblat. Charles Rutland, owner of West End Variety Store, points to the hours of 2 to 9 p.m. when merchants in the area will celebrate with an open house and hold special sales.
